

# I Will Restore

Owensboro, Kentucky  
November 10, 1953

1 Now, I want to ask you something. Before coming here to church tonight, I kind of made an agreement with God. I said, "God, You help me. I want to do what Your will is. And maybe if You'll help me tonight I'll try something different in my prayer line--if You'll help me--so I can reach some more people."

And then I fell on this thought, *Well, I believe I'll speak to them just a little bit.*

2 Now, I want you to pray. And I'll use tonight and tomorrow night, if God willing; then Thursday night go back into the regular service again. And I want to see if God.... Now, I've put it before Him as a fleece like, for Here's what He told me when I asked Him. I got it wrote down right here what He said. In speaking to Him, I said, "How must I hold my meetings? Some says that I don't pray for enough people."

He said, "Just as you feel led." So that was ... see. "Just as you feel led." And I feel led tonight to do this, so that's why I'm doing it.

3 In Joel the first chapter, the 4th verse, I read this. Many of you Bible scholars now are familiar.

*That which the palmerworm has left has the locust eaten; ... that which the locust has left has the cankerworm eaten; ... that which the cankerworm has left has the caterpillar eaten.*

4 It goes on. Let's go over to about the 11th verse now. So we haven't got much time.

*Be ye ashamed, O you husbandmen; howl, O ye vineyards, for the wheat and for the barley; because the harvest of the field is perished.*

*The vine is dried up, ... the ... tree languisheth; the*

*pomegranate tree, the palm tree also, ... the apple tree, and all the other trees of the field, are withered: because joy is withered away from the sons of men.*

5 The second chapter... That's a very dark verse ... chapter. Joel speaking through inspiration telling about what the lands is eat up and the worms... One worm went through and the insect and eat up some things, and what he left another worm come through and eat what he left. Another worm come through and eat what he left. And the vines are all withered up and the pastures was all dried up and the cattle are dying. They both had to say that all the seeds under the clods are rotten. Looked like a hopeless case.

6 I was reading that tonight. Then I happened to read over in the second chapter while I was sitting in the room in prayer and reading. I read this in the 25th verse of the second chapter.

*And I will restore to you the years that the locust has eaten, and the ... palmerworm, and my great army which I sent among you.*

*And ye shall eat with plenty, and be satisfied, and praise the name of the LORD ... God, that has dealt wondrously with you: and my people shall never be ashamed.*

7 Let's bow our heads just a moment. Now, Lord, I don't know what to say, in managing this meeting in this way. But I pray that You'll give me grace tonight. And give me favor with the Heavenly host and with this people that I might teach them of Thee. And now, Lord, I commit myself to Thee and ask that You'll bless. For I ask in Jesus' name. Amen.

8 I would like to... Being raised in a fundamental church, and I still believe in fundamental doctrine. But I think all things in the Bible, we should go back to the beginning in Genesis to pick it up. If you want to find anything that's going on today, if you'll go back to the beginning... *Genesis* means "the beginning." It's the seed chapter of the Bible.

9 And now, in the beginning God made everything, and then everything evolved from that one thing. For instance: recently standing up on a mountain looking down across the prairie, the difference how the trees varied. Up here there's hemlock; a little lower down there's spruce, fir; and then on down to pine; then into

quaking aspen; from there you go on out into sage brush, then out into grass, then the desert.

10 Each one of those plants had a beginning. Now, look. Each one of those plants, if I could take it down, a layer by layer, I would come to one germ—a germ of life that made that plant. The same kind of a germ, or different nature. Everything after its own kind: bird after bird, dog, human, whatever it is after its kind.

11 And I take one tree, it raise up, drop off a few cones; and another tree comes up from it, evolving right down. The human does the same thing, the animal the same way. The birds lay their eggs, and male and female, and go on the same way they poll. The same way through flowers, through trees. But I take each tree back—everything—right back to the beginning where the first germ started. Then I'd be back in Genesis, wouldn't I?

12 Well, now, as the naturalists say today, and chronologists, many . . . they say that there's a great controlling spirit somewhere. And it just said, "Let there be," and that was all there was to it. And it all created from a beginning of a spirit, or life. Now, that isn't intelligence.

13 Why did He say, "Let this one be a palm tree, and this one a apple tree, and this one a hickory tree, and that one a oak tree," see? Every one different from another. What did it? It shows that this great being that spoke this into existence was not only a great being, but it was an intelligence. And it's the resource of all intelligence. It's God.

14 He said, "Let there be a palm tree." What difference is in a palm tree and a hickory tree now, see? Why, my! The . . . same as night and day. See, they never. . . . If it'd just been something that just happened, everything would have been one tree. But to show how He made trees for different places shows there's an intelligence behind it that elected these things to be at certain places. Just like He elected. . . . God is a God of variety.

15 And all Christianity is based upon the resurrection. If I drop this letter on the floor. . . . Now, resurrection is not put this one in its place; but resurrection is bring up the same letter that went down, in its place again. Is that right? Therefore, Christianity is based on resurrection that when we come back to this earth again, I won't be

some kind of an angel with wings a-flopping. I'll be a man just like I am now, resurrected.

16 And in the resurrection there'll be ... we'll differ from one another. Some of us will be black-headed, some blondes, and some red-heads, and so forth. God is a God of variety. He doesn't make everything the same. He makes big mountains, and little mountains, and prairies, and lakes, and deserts, and He makes the big trees, and little trees, and white flowers, and blue flowers, and pink flowers. He's a God of variety. His beings are made up in a variety.

17 And then we were born on this earth and come up to the age of about twenty-two or -three, we was at our best. We were growing. Then the first thing you know, wrinkles come in, gray hairs set in. Death has come in to take us out of this world. God ordained it so. But everything that death can do is separate us from this world. And in the resurrection when we return again, we'll be not old no more, but young in that body forever and forever to live with God. That's right. I can prove that Scripturally on another text a little later on about Abraham and them, that what we'll be.

18 And every old person, no matter how old you are, if you're a Christian and die in Christ Jesus, when your foot touches that blissful land, you'll turn back to a young man or woman again. I can prove that by the Scripture. What a thought! Why, let the devil snort and blow and puff and do all he wants to; it doesn't scare me a bit. I know what God has said, and I believe God's true. That's right.

19 Back in Genesis we realize that different things happened back there. Look here. For instance, Babylon appeared first in Genesis. Now, we have to watch Babylon. It appears over here in the Bible again about the middle of the Old Testament, and then comes on over into Revelations for the last days--Babylon.

20 It begin first ... was the Gates of God, it was called. Then it was called Babylon--confusion. It was founded by Nimrod who was the son of Ham. And there's where idolatry started first, and there's where idolatry ends up at, still in Babylon. It comes all the way through. Every tree.... You must bring it up through the time, up through the Bible.

21 Now, let's go back to get the church. Amen. Now, I want you

to notice at the very root of the plant. And now, if we can see what kind of seeds you've got in the field, you can find out what kind of crop you're going to have. Is that right, farmers? Find out what kind of seed you got. Well, let's go back into Genesis and find out where we're at.

22 Jesus said in Matthew the 13th chapter, "A sower went forth and sowed seeds." And He explained it that it was the earth. And the enemy came and sowed tares behind him, which was the devil. And the husbandman, the preacher, said, "Let's pull them out, take them out."

23 He said, "No, no. Let them grow together." Now, watch. If a seed starts by the side of a weed, they grow. When the first shoots come forth, they come forth both ways and both of them grows to seed together. And we're always complaining about what the world, how wicked the world is, you forget to realize how more powerful the church is than it used to be. (I don't mean to deafen you, but you control that up there, if you will.)

I feel kind of religious right now, I really do. Oh, when I think that we're speaking on eternal things--never perish.

24 Watch these human beings. The first two mortals to come out of the garden of Eden, Adam and Eve, they begot two sons: one, Ham... or, (beg your pardon) one, Cain; and one, Abel. I can see all that great eternity face down, when the time come when they was taken from the garden of Eden, drove out to shift for themselves.

25 There was two boys, both from the same mother, same father. And then when they was.... Both of them wanted to find favor with God. Now, I believe that the Angel guarded the tree of life. And that tree of life was Christ, of course. The tree of death was the woman. Through birth of a woman we all die. Through birth of Christ we all live. It's just as simple as anything. But there was that.... Now, I have my thought of what sin was and what the first sin was. If I'd tell you, you'd disagree with me, so I'll just keep it to myself.

26 Anyhow, when the Angel began to throw His flaming sword out to guard this tree of life.... Now, watch. Cain and Abel both come to find favor with God. Amen. Now, look. Cain was a long ways from being a communist, neither was he an atheist. But Cain

was a believer. Get on your shock-proof vests now. Cain was a believer and a worshipper of God. If God only required a believer, Cain was just as just as Abel was. And God would be unjust if He condemned Cain for his faith in Him and accepted Abel, if faith was all He required. All right.

27 But Cain came and offered a sacrifice. Now, look. Cain built an altar, a church. Cain made a sacrifice, the same as Abel did. And Cain worshipped. He never come as an unbeliever; he come as a believer. He raised up his hands and worshipped God just the same as Abel did. Well, if a church membership, an altar, a worship, a sacrifice, is all God requires, then Cain was just as just as Abel was.

28 If you belong to church and go to church, got your name on a church book, a good tithing payer, a worshipper, sincerity; that still isn't it. That's right. And I don't want to hurt you, but I've got to stand before judgment with you. God requires more than that. And Cain was just as just on it as Abel was if that's all God requires.

29 Now, I want you to notice: Cain built his big, fine altar. I can imagine him being a tiller of the soil, filled it full of Easter flowers and everything, and made it beautiful. He was the nature of Satan. Today we have chimes on the churches, and plush pews and everything else, trying to find favor with God; and that's not God's way of finding favor.

30 Every Easter you go to church and they bid you Merry Christmas, because they won't see you any more till Christmas. Come to Easter to show off a new hat or a new bonnet or a new suit of clothes, bring up a big armful of Easter flowers and throw them on the altar. God don't want Easter flowers on the altar; He wants you on the altar. You're the one belongs on the altar.

31 But, see how we got away? No wonder we can't believe for divine healing. You got the cart before the horse. You got to get the thing running right before you can believe right. You got to get this right up here and right down here before you can see right. You got to have something in here to believe with before you can believe.

32 Sons and daughters of God are born of the Spirit of God and God a Spirit, who just spoke the world into existence. And the very earth that you're sitting on tonight was the Word of God materialized. And a man that's born of that same Spirit believes God

can do all things, and believes Him for all things. But if you're not born of the Spirit of God, you can't believe it because you're earthly yet. And you're still trying to build a fine church, and put a choir in it, and the angelic voices and things like that in it. That don't please God! Cain in the beginning would have been accepted if it was.

33 But Cain laid his sacrifice down. He knelt down on his knees, and he raised up his hands. I can hear his beautiful prayer, just how he rhymed it out just so in order and everything to try to find favor with Jehovah. "Here is the works that I have brought and laid down. I've built this church. I've done these things. I've worked hard and here's a part of what I've got. I laid here. I offer to You, Jehovah. Can I find favor?" Wasn't an infidel. He was a fundamentalist. He was just as fundamental as the other fellow was.

34 But God through election... Amen. That shakes you down a little bit because I'm speaking to a half Armin... a half a group of Arminians here. But look. It was through election that God called Abel and had recompense to the reward.

35 And Abel come. Not nothing beautiful. He had a little old lamb out of the flock. He didn't work up. He didn't do something another. He didn't try to make big, fine churches. He didn't build *this, that, and the other*. He just went out there and wrapped a grapevine around a lamb's neck and come pulling it. I don't guess they had any hemp in that day--rope. So they just come with a grapevine pulling a little old lamb.

36 What a sight! Picked him up and laid him up on the rock. I don't guess they had a lance in that day, so they just took a sharp rock, pulled his little head back and began to beat him in the throat with it. What a sight! The blood begin to sprinkle and bathe his little wool over like that, and the poor little thing dying, bleating. God looked down from Heaven and rewarded him.

37 What was it? Spiritually minded by election: knowing that the earthly things doesn't please God, he offered life and blood. What did it speak of? Come four thousand years to man, the Lamb of God, with a rope around His neck was led away to Calvary. There on the cross, the Rock of Ages bleeding, His wool, His hair dropping... Blood dropped onto His breast.

As Billy Sunday said, there was an angel sitting in every tree

saying, “Just pull Your hand loose. Point, we’ll change this thing here.” But He was the Son of God.

And when he was dying ... when this little lamb was dying, the lamb was speaking in another language: bleating, hollering. He couldn’t get it. ‘Course, Adam ... Cain ... Abel couldn’t understand it.

38 And when Jesus died on the cross, He was forsaken by men here on this earth. And He spoke in another language. When His locks was bathed, “My God, why has Thou forsaken Me?” God’s church from that day to this, it’s moved up them same seeds, coming right out the same thing. Always through blood, through Spirit.

“Oh, must I be carried Home to Heaven on a flowery bed of ease while others fought to win the prize and sailed through bloody seas.”

39 I think! There them trees.... Watch them vines as they come up, brethren. In the ark.... Wish we had time, but the clock’s getting away. Looky here. In the ark there was a crow and a dove. And they both sat on the same roost. And one of them was of the antichrist, and the other one of the Christ. The only way you could judge them is by their nature, by their habits. The crow was willing to eat the old dead carcasses of the world and stay out there, but the dove had to come back. Why? The dove didn’t have no gall. Something had happened to him. He couldn’t digest the old rotten things of the world.

40 And so is it with every man that’s born of the Spirit of God, that’s elected, can’t digest the things of the world. He’ll come to the Father’s faith. When he hears of an old-fashioned, Holy Ghost meeting, you couldn’t tie him away if you had to. Right. Born of the Spirit of God.

41 A dove hasn’t got no gall, no bitterness. He don’t go around saying, “The days of miracles is past, and they didn’t come through the right kind of a seminary ... or, cemetery.” It’s all the same thing anyhow. I always felt sorry for a incubator chicken, just like I did a seminary preacher. A little old incubator chicken just “chirp, chirp, chirp” and ain’t got no mammy to go to.

42 That’s just about the way with a preacher hatched out by a machine, through theology. Right. Knows no more about God than

a Hottentot does about a Egyptian night. Amen. Going to call me a holy-roller anyhow, so you might as well get started right now. All right. You say, "That's pretty strong for a Baptist." Well, I'm one Baptist that got the Holy Ghost. That's right.

43 Now, brother, its always been.... Watch those vines. Jesus said, "Let them grow together." Now, I want you to notice another place. We could bring it to Esau and Jacob if you wanted to. Before either was born, God elected Jacob--by election. Romans 9 says so, that the election of God might stand sure.

44 Let's bring it on up a little farther. Let's take the children of Israel. Here's a good stopping place. Here comes the children of Israel coming up, God's son by election. Here he comes up, the church that believed in the supernatural. God's church has always believed in the supernatural. And it's always got a fundamental church standing over here that believes just as fundamental as they do, but denies the supernatural. Right.

45 That's what's the matter today. We having these revivals all over the country. It's nothing but protractive meetings. What we need today is not stand up and accept Christ as personal Saviour, but get down on your knees until you're filled with the Holy Ghost, God seals you into the kingdom of God. That's what the church needs today. You know that's the truth. That's the reason we just.... Not shake hands or join a church or pack their paper from place to place. Get your name written in the Lamb's Book of Life, and it'll stay there forever. Amen. That's right.

46 Here they was. On their journey up, I can see them having to cross through the land of Moab. Now, Moab was a long ways from being an infidel; he was a fundamentalist. That was Lot's daughter's son, where the tribe of Moab sprung from. Here come his foster brother, Israel, coming up. And this king, Balak, went and hired Balaam to come out and curse this people. Could you imagine? Trying to curse a believer!

47 Watch Balak, that backslidden prophet. God took an old mule and spoke in tongues to him, and rebuked him. That's right. The Bible said so. He's done everything try to turn them people around. Looks like they can't listen. All right. But remember, he was fundamental. You say, "Oh, Brother Branham, ridiculous." All right. Just a minute and see if this is true or not. Watch the Word of

God, if you can take it. All right.

48 Then here comes Balaam out. He made his sacrifice. Watch. He built seven altars. Talk about being fundamental. Brother, he was Presbyterian to the core. He built seven altars. And he offered seven clean bullocks on it, clean sacrifice. Is that right? And not only that, but he offered seven rams, speaking of Jesus Christ coming. Is that right? The Lamb, the Lamb of God, takes away the sin of the world. The same offerings that they was offering right down there in Israel! Is that right? The same offering that was offered here was. . . .

49 Now, look. If you want to stay fundamentally, then Balaam and Balak. . . . And he gutted out all of the brain of the country, all the PhD's and DD's and LLD's and he gathered them all around the smoldering sacrifice. They'd offer sacrifice. And they all stood there with their heads bowed, praying. And, look. Fundamentally speaking, they were offering the same offerings that was coming up right down there in Israel.

50 Now, fundamentally they were both right. They're correct. One was just as true as the other one. There was seven altars there (God's requirement), seven bullocks, and seven rams. There was a burning sacrifice there; it was a burning sacrifice here. And both praying to the same God.

51 If that ain't a picture of it today, I don't know why. Them fundamentalists. . . . Don't tie into one; he knows what he's talking about in the Word. I was raised a Baptist. Don't tie into him in the Word, He knows what he's talking about. But here's the difference, friends. Listen. Sit quiet now. Let your cup fill up.

52 Notice, but what was the difference, was here. Both of them fundamental, both of them just like Cain and Abel. That's that same vine coming up. But God was vindicating Israel with signs and wonders. They were a bunch of holy-rollers. You say, "Brother Branham, a holy-roller's Israel?" Yes, sir.

53 Brother, when they passed through the Red Sea, Moses sung in the Spirit, and Miriam got a tambourine and began to dance--and the daughters. If that ain't a Holy Ghost meeting, I never seen one. Sure, they was a bunch of holy-rollers, but God was vindicating them by the supernatural signs and wonders. They had a pillar of

fire, smitten rock, brazen serpent. Hallelujah! That's exactly the truth, my brother. That's why you can stand boldly when you know where you're standing. Right.

54 Watch what He was. They had a pillar of fire hanging over them. Is that right? Sure they were fundamental in their doctrine; so were they. But God was vindicating them. It's the same thing today. You might go to seminaries and learn this Bible every way you want to, but until you're born of the Holy Ghost, the power of God gets into your life, brother, you'll never believe signs and wonders and can't believe for divine healing and power. Can't do it.

55 What we need today is a good old-fashioned, sky-blue, sin-killing religion sweeping this country and an old-time Saint Paul's revival and the baptism of the Holy Ghost back in the church again. Amen. It's the best defense, better than any atom bomb was ever created. That's right. Fundamental, but God was vindicating His church.

56 And today, teachers can say, "I can prove to you by the Bible." That's true, but where's the signs at? That's the reason I stepped off the fundamental tree, over, and become a holy roller. I seen the thing coming. I'm glad I'm over here. Right. Living amongst. . .

57 Oh, they had everything. Sure, they lived with one another's mothers. They done every ornery thing there was. And I want you to notice, that fundamental teacher up there was very nice to point that out to Balak, too. Said, "Bring them over here and I'll show you the utmost parts." That's the way they do today to the Holy Ghost church: show the utmost parts--the rotten parts. We admit we got it, but you got it, too. But you can cover it up better. That's right. Don't tell me; I know Baptist preachers and Methodists and all. They do just the same as them holy-roller preachers do. That's exactly. It's all human flesh, but let me tell you. . . . But down there they could cover it up real well.

58 But now, watch. Balak was good to show just the utmost parts. But I want you to notice what God told that old hypocrite when he come back. He said, "Don't you say nothing but what I put in your mouth." He said, "I beheld him from the hilltop." Hallelujah. "Not from the utmost parts, but from the hilltop. And I have not conceived the iniquity in Jacob." Hallelujah. Amen.

59 Why? There was a brazen serpent going before them. There was a pillar of fire. There was an atonement to take away that sin that [unclear words]. It was the election. God was going to take them through; yes or no. God give the covenant unconditional. "I'll save Abraham and his seed." And you're the seed of Abraham by being dead in Christ, take on Abraham's seed and are heirs according to the promise. Amen. Say, I feel religious.

60 Look. Let me tell you. Here sometime ago last year.... I love hunting. I was up in the hills a little while to hunt, up in Canada. I was coming down.... I got lost out there in the wilderness one night, and I was coming back along on my horse. And I was trying to find my way back, no roads; eleven hundred miles from a hardtop road. No pass, as far as game trails.

61 And I seen a sight that kind of reminded me of this Scripture, where it comes to me tonight. I come down through where there was an old burn-over years ago. And this old burn-over.... There was a big bunch of old trees standing there, big old tall, stately pine trees. Once was great trees who stood in their kingly, priestly steps ... or, places. And the winds blew through them and they'd frolic with the wind.

62 But a burn-over had come, and it burnt all the bark off of them, all the life out of them. And they were standing there, and the moon was shining. You talk about a spooky-looking place. And the first thing you know, the wind began to blow. And the wind went *W-o-o-o-o-o*. And that wind coming down through them trees sounds so mournful. My! *W-o-o-o-o-o*. And I thought, *O-o-o, mercy!*

63 And I stood there and I thought, *Lord, why'd I get lost today and why did You bring me into this woods?* And I thought, *Well, now let me study here just a minute. The moon's shining on them things, look like old tombstones.* I thought, *Yes, Lord. I understand.*

64 That puts me in the mind a bunch of these old cold, formal churches, standing up that wants to be one great big church. But what the palmerworm left, the caterpillar eaten. What the Methodist left, the Baptist eaten. What the Baptist left, the Presbyterian eaten, till they eat all the life out of the thing. And when God sends a big mighty rushing wind down, they just stand and go, "*W-o-o-o-o-o*. The days of miracles is past. *No-o-o* such a thing as divine healing. There's *no-o-o* such a thing as the power of the God. *W-o-o-o-o-o*."

That's all they can do is moan and groan and take it on. Oh! Why? They haven't got any life in them.

Oh, doubtless they can say, "We're trees." Yes, sir. But you once was; what are you now? You Methodists that don't believe in divine healing. . . .

65 When I stood under the shrine there where John Wesley preaching divine healing, they turned the foxhound loose and run his congregation out. He pointed his finger in the face of the man, said, "The sun will not set on your head three times and you'll call me to pray for you." He died that evening with cramps.

66 When Wesley was over here, he was riding his horse to visit a woman one day, and the horse fell and broke its leg. And Wesley got off the horse, pulled out the anointing oil, said, "Lord, You made this horse, the same as You made me." Poured oil upon him, anointed him with oil, got him and rode him away.

67 Why, Methodists, you was, but you're dead now. Wait. I'm going to get to you Pentecost just a minute, too. All right. Right. What one left, the other one eaten. What this left, the other one eaten. What the palmerworm left, the caterpillar eaten. What the caterpillar left. . . .

68 The first thing they began to have this and they, "Well, we'll take that out." They went to the cemetery . . . or, seminary, all got a big education. They started teaching theology. And they have adopted theology today to take the place of the Holy Ghost, and that's the reason two-thirds of the world knows nothing about Christ. Amen. What we need today, brother, is the Holy Ghost back in the church to lead the church. Amen. Yes, sir.

69 I stood and looked at them poor old trees all blistered there. That wind come down again. I thought, *God, what do You send a wind for? You hear them moan and groan?* And the winds blowed again: "Wh-sh-sh-sh." And they went, "M-m-m-m-m."

70 I said, "Sounds spooky like a lot of these DDs stand by and say, 'Oh, divine healing wasn't in the atonement and all that there nonsense of shouting and going on.'" Just what Joel said: "You've taken the joy from the sons of God." Amen. Restore that joy. God said He would do it. And I thought, *Lord, that's just about what Joel spoke of.*

71 Then I happened to think of another Scripture: “But I will restore, saith the Lord.” I thought, *Lord, what do You send the wind for, if, they’re going to moan and howl and go on like that? If You’d send an old-fashioned Pentecostal wind down like that fell on the day of Pentecost. . . . What in the world do You send it for if they’re just going to moan and refuse it and reject it?*

72 But I happened to notice: There come up some new undergrowth. [Blank spot on tape]. When that wind hit them, they wasn’t moaning and groaning. They were just flexible, and jumping, and rejoicing, and shouting, having an old-time Holy Ghost meeting. Why? They were flexible. They had life. They was moving with the wind, just rejoicing. They wasn’t moaning about it. They were rejoicing, frolicking, jumping, having an old-time revival.

73 I said, “Thank You, Lord. I’m glad I’m that backwash, they call that.” Hallelujah! Oh, my soul can stay clear with God. And when the Holy Ghost comes down, I won’t moan and groan and take sides against it. I’ll agree with it, and frolic with it, and live with it, and speak with it, and sing with it, and shout with it, and die with it. Hallelujah!

74 Mighty rushing wind come from heaven like a wind, and filled all the house where they were sitting. All the fundamentals began to groan, but He had something coming up. “I will restore,” saith the Lord.

75 Here comes some more pine trees coming up. They was ready to catch right into the wind, just frolic and having a good time. I said, “If that don’t put me in mind of a good, old-fashioned, Holy Ghost meeting.”

76 And there stands them bunch of fellows out there moaning and groaning and saying, “Why we’re older than you all are. We know more about it.” Saying the doxology, and repeating the Apostles’ Creed. Where do you ever find that. . . . I . . . I challenge anybody to show me the Apostles’ Creed in the Bible. The Apostles’ Creed was “Repent every one of you, be baptized in the name of Jesus Christ for the remission of your sins, and you shall receive the gift of the Holy Ghost, for the promise is unto them. . . .” That’s your Apostles’ Creed. Yes, sir.

77 But today, people: “Oh, no. Our minister has a DD and he has

a PhD.” *DD* stands for “dead dog.” Let me tell you, what we need today is a man alive. We need some baptized saints of the Holy Ghost, men and women who believes in the power of God, who when the Holy Ghost falls will sway right into it and say, “Yes, Lord. Hallelujah! That means me.”

78 The neighbors sit around, and your mammy, or pappy, or whoever it is, say, “Why, you disgrace me!” You can’t help it. You’re alive. The wind just shakes you, and rolls you back and forth, and up and down, and around and around. What a meeting! Amen!

Do you believe it? Sure. I had to get the Holy Ghost before this gift was manifested. That’s right. Oh, yeah.

She’s dead and dried up. That’s right. And every time they start doing that, God sets them right on the shelf. And the Pentecostal churches following right straight in line.

79 When God seen back there in the Old Testament. . . . The first thing you know a pillar of fire went forth. Israel followed that pillar of fire. I say it reverently. I believe you got the picture of it on the paper tonight: same pillar of fire.

80 The Angel of God, the Angel of the covenant. . . . And any man knows that the Angel of the covenant was Jesus Christ. That’s right. The same yesterday, today, and forever. God unfolded Himself. That was God in that pillar of fire. He unfolded Himself down into a human body, virgin born. No man could touch Him there. You could see Him here, but He’s a virgin born.

81 Now, He went away. “A little while and the world seeth Me no more, yet I’ll be with you, even in you.” Same God living right down, unfolding Himself into the heart of man. Got down here where He could shake them and give them a rejoicing like Job did.

82 They said, “Brother Branham, that’s that new kind of religion.” Unh-uh. It’s just a new case of the old-time. Old-time. . . . Why, God asked Job, “Where was you when I laid the foundation of the world, when the morning stars sang together and the sons of God shouted for joy?” Before the foundation of the world was ever laid. Ain’t nothing new; it’s something old. It’s the beginning.

83 Watch these fundamental now. Just a minute now, we’ll close

if you look this way for a minute. Our time's getting away. I feel pretty good right at this time. I'm glad. I'm glad, so happy that I seen these trees. And I seen the one that God was vindicating. I don't care how fundamental this was. I seen here where God was making His signs and wonders of vindication.

84 When Jesus come on earth, who was any more fundamental than those priests was? Brother, they knowed the law to the letter and they knowed the Scripture to the letter. But God vindicated Jesus Christ by signs and wonders. "Ye men of Israel, Jesus Christ a man approved among you by signs and wonders which God did by Him in the midst of you all where you all know yourselves." Acts 2:24. That's right.

85 God vindicated Jesus Christ by signs and wonders. He vindicated Israel by supernatural signs and wonders. He vindicated His church all the way through by signs and wonders. Watch here now in this last days. Watch Saint Paul. Listen. Look this way, every eye.

86 Look at Saint Paul when the Holy Ghost struck him there one day and he was writing. He said, "Know this, that in the last days, the end of time, the times would come when they'd be heady, high-minded, lovers of pleasure more than lovers of God, trucebreakers, false accusers, incontinent, and despisers of those that are good."

87 Why, you say, "Brother Branham, that's atheists." Oh, no. That's fundamentalists. "Having a form of godliness, but denying the power thereof: from such turn away." We're living in that day, friend. We're living when just as fundamental ... the church is fundamentally right. They've had seminaries and studied and studied: Greek words, and *this* words, and *that* words. And what good does it do unless God's to back it up and say, "This is it." What good did it do Cain to do all of his religion and Balak all of his religion, when God was down here in this bunch of vindicated, with a bunch of holy-rollers?

88 And if Jesus was considered a holy-roller Himself. He died on the cross as a heretic. And the early church was considered a bunch of nitwits. Paul told a group, "In the way that's called heresy, so worship I the God of our fathers." I'm glad tonight to join with him and say, "In the way that's called holy-rollers, crazy, nonsense, idiotic worship, I will worship Jesus Christ in the power of His

resurrection by the Holy Ghost.” Amen.

89 I believe Him. And I know that He’s here. And, Christian friends, I’m not here to preach the Gospel. Brother Bosworth is here to do that. I’m here to pray for the sick. My calling is to pray for the sick. And I’m trying my best to get to you. I want you to know what I believe. And I believe the message. And in that you might call it heresy.

90 When Doctor Davis had ordained me into the Baptist church. . . . When he stood there a few nights, here some time ago in a religious meeting, he said, “Now, Brother Branham, I’ll have you to speak for us tonight.” That did me good. When he told me, said. . . . I went up to Green’s Mill that night and when the Angel of the Lord appeared to me, and told me, He said. . . . And I went and told the doctor.

He said, “You mean to tell me with your seventh grade education you’re going to pray for potentates and monarchs?”

I said, “That’s what He said and that’s what I believe.”

Then when he stood there and said, “Billy, you had a nightmare. Run back over home to your church, run back over home to your church.”

I said, “Here’s my fellowship card.” I’ll not join with nothing that denies the power of Jesus Christ in His resurrection.

91 Said, “Oh, we don’t mean it that way, Billy.” Only morals is what you put out of the Baptist church. I like it. I ain’t got nothing against. . . . I ain’t got nothing against the people. It’s the way you let yourself get so free. And that’s the way today.

92 Doctor Volise just called me from down there, the big Baptist school, wants to come down. He just received the Holy Ghost up in my front room. Don Wells that wrote the great discrepancy in our magazine, “The Christian Herald,” received the baptism of the Holy Ghost, spoke in tongues. Dr. Reedhead, the president of one of the associated, with the great Sudan Missions, the biggest Baptist movement there is, received the baptism of the Holy Ghost when I laid my hands on him, and spoke in tongues. Yes, sir. The archbishop of India, Doctor Palley which will be here sometime this week, if God willing (He’s with Don now.), called the other day and say,

“Come down, Brother Branham. Let’s get together.”

93 The move of God’s on, I don’t care what they say. Don Wells and them, struck off to Billy Graham as hard as they could to get him to it. But Billy said he couldn’t preach it. He believed it, but he couldn’t preach it before the people.

94 Let me tell you something, brother. O God, I love Billy Graham and his work. I want to do everything I can. But, no wonder, that man has put forth every effort he can, I believe, and go. But what Billy lacks is an old-fashioned, Pentecostal experience to get back there and to bring God down in the power of His resurrection. Certainly.

I was going to it in the church. That’s right. But I wouldn’t sell my birthright for all the attractions this world’s got. I believe in the baptism of the Holy Ghost. I believe in the restoration of the gifts.

95 When Israel began to move, there was a pillar of fire. When that fire moved, Israel moved with it. If it was two o’clock in the morning, if it was five o’clock in the evening, whatever it was, the priest sounded the trumpet and away went the pillar of fire, and Israel moved and camped under the fire. Is that right?

96 Well, that fire was hid for a while through the dark ages. But the first one saw that pillar of fire was Martin Luther. He sounded the trumpet, and come out of the Catholic church. And the first thing you know, it caused a great universal revival. All right. Then the next thing you know, Martin Luther got to organizing. And he organized down so tight until the pillar of fire moved again, but Luther couldn’t go because he was organized to pull a of bunch of doctrine. But the pillar of fire moved just the same.

97 John Wesley saw it in England and away he went. Justification that Luther preached by faith. And the first thing you know, Wesley saw sanctification through the blood. And away he went, believing it. And the first thing you know, a great revival saved England and America when him and Asbury and all of them come here to America, great revival swept the land. The pillar of fire moved. Then the first thing you know, Wesley began to organize, the Wesleyan Methodist church and the church. He got so organized, after a while away went the pillar of fire again out of the Wesleyan

church, and Wesley couldn't move because he was organized.

It'll scorch you, brother. Look. Not me, but the Holy Spirit. Notice. And Wesley couldn't move because he was organized.

98 The Pentecostal people saw it and away they went. That's right. Right out under that pillar of fire they went shouting, speaking in tongues and having a great time. Is that right? But, brother, the sad part's, the Pentecosts has organized now. It's so tight. "Well, now, I belong to the Assemblies and I belong to *this*." And you're organized so tight. And God's moving the pillar of fire right out again. Hallelujah! And the church is going after it. Hallelujah. Signs, wonders and miracles.

I feel like traveling on,  
I feel like traveling on;  
My heavenly home is bright and fair,  
And I feel like traveling on. Amen.

Don't get scared. *Amen* means "so be it." That won't hurt you. I'm not amening myself, but I just like to say it anyhow. All right. Well, I'm amening myself then, because I believe it. Yes, sir.

99 "... form of godliness, denying the power thereof." Now the signs and wonders is setting in. A little bunch of corruption raised up. First thing you know, they... What is it? Then what Luther left, the Wesley eaten. What the Wesley left, Baptist eaten. What Baptists left, Campbellites eaten. What Campbellites left, Pentecost eaten. Oh, my!

100 But Lord said, "I will restore." Hallelujah! Watch. Right back to the old-fashioned baptism of the Holy Ghost like fell on the day of Pentecost back yonder in the beginning. Yes, sir. And receive it. I'm so glad that it screamed for whosoever will, come today. If you're ready to forsake all your ungodliness and get out of them old picture shows and low downs and hell dives, and throw away that nasty filthy stuff, and dirty jokes; and jostling ice cream suppers, and sewing parties, and stitch and sew; and talk about Mrs. So-and-so, foreign missionary program. What's the matter with you?

101 What you need today... A missionary program was not never stitch and sew party. It was, "Tarry ye in the city of Jerusalem till you're endued with power from on high. After that the Holy Ghost is come upon you. Then you will be witnesses of Me in

Jerusalem, Judea, Samaria, Owensboro, Kentucky, and the uttermost parts of the world.” Amen!

102 “I will restore,” saith the Lord. Restore what? What it was in the beginning, the first early apostolic church. Pentecostal, Methodist, Baptist, whatever we want to call it. It was right there in the beginning, the church of our Lord Jesus Christ. In there they had signs and wonders and miracles.

103 There come a man by the name of Peter. They knowed he was a prophet. Old Ananias walked up before him one day and he said, “I sold to so-and-so.”

104 Peter said, “You’re lying.” Is that right? Went right down with the Spirit of Jesus Christ upon him and said, “You kept back a portion of the money.” It frightened the old boy so bad till he fell dead, and they packed him out. And here come his wife in. Peter said, “You’re into it, too.” And away they packed her.

105 And they looked and seen that Spirit of discernment that was on Jesus Christ, was on Peter just exactly. And the people didn’t wait for him to pray for them. They just laid them in the shadow. When the shadow passed over them, they got well, every one of them. Then we today who claim to have the baptism of the Holy Ghost and have to wait for something to be done. Oh, hallelujah! I feel good. All right.

106 God is here. God is here to make well. He’s here to heal. He has already healed. The only thing He wants you to do with the Spirit like in this church right now, with the Holy Ghost waving over here, anything could take place. Do you believe that? The Holy Ghost could come right down now and heal, or save, or do whatever He wanted to in the meeting.

We’re going to start the prayer line in a few minutes. I want every one of you to be reverent. *Abide With Me*, if you will, sister on the piano. Play it if you will. I want everyone reverent. How can you deny Him?

107 “I will restore,” saith the Lord. You say, “I don’t understand those people, all these things that’s going on. I don’t understand how you...” Yeah, you sit up there and call it mental telepathy. You think I’m a witch. Did you know that Jesus Christ was call ... considered the same thing? Do you know all of His apostles was

considered the same thing?

108 They boiled John in a batten of grease for twenty-four hours, trying to boil the Holy Ghost out of him. How can you do that? Because they thought he was a witch and they said he bewitched the grease. Agabus, and many of the great writers, and Polycarp, and many of those, when he stood in that fire there that day with his hands up praying to God. And the fire wouldn't even burn him. They said, "He bewitched the fire." Threw a spear in his side, *Foxe's (Book of Martyrs)*, and enough blood run out to put the whole fire out. Then they said he bewitched it with blood. When it was only about a gallon and something of blood in a man's body. It was God. And the world knew it not.

109 "A little while, and the world seeth Me no more, yet ye shall see Me, for I'll be with you, even in you in Owensboro, Kentucky or to the uttermost parts of the earth." Is that right? "Even to the end I'll be the same yesterday, today, and forever."

110 Truly I thought you had faith. Truly I've give it that faith. I could pray for you, lay hands on you, sure. That's good. But I thought, surely you Pentecostal, Full Gospel people, you good spiritual Methodists, Baptists.... There's plenty of them over there in the Baptist church and Methodist church that's spiritual yet. That's exactly right. Don't tell me. I'm going right now into a bunch of them, second from this meeting here. If you don't believe they...

111 Not Baptists.... Down here in the hills of Kentucky where we Baptists was, we wasn't like you Baptists around here--shake hands and put your name on the book. We got down at the altar and beat one another on the back till we come through. We got something. We need some more like that.

112 We need some John the Baptists come out not with his collar turned around and his tuxedo suit on. But, brother, he had an old hairy sheepskin wrapped around him. He preached repentance so hard, he shook all Jerusalem and Judea. That's what we need today, some more Baptists like that. Amen. Not compromisers.

Philip come out there; Herod with Philip's wife. Some of them said, "Don't you preach on marriage and divorce."

113 He walked right in his face and said, "It's not lawful for you to

have her.” Could you imagine a man filled with the Holy Ghost hold back on something like that? No. What’s the matter today? We hold back on too much of that stuff and committing rottenness and everything else in our churches. We need an old-time house-cleaning. Amen. That comes plumb from the basement to the attic, too. Amen.

114 Oh, I know you think I’m crazy. Well, if I am, I’m happy; just leave me alone. That’s right. I’m all right. I feel a lot better this way than I did when I had my other mind, so I will just keep this one. That’s right. I love it. I have peace with God through our Lord Jesus Christ with this kind of a mind. Sure, you look crazy to the world and act crazy.

115 Now, when God does something, believe Him. Don’t keep wiggling around saying *this, that, or the other*. Believe Him. Now, that divine gift was given for that purpose. Now, in this building tonight there’s a few hundred people sitting here. And God could reveal anything that He wanted to right here to me if He wished to. I was born with.... Not by.... Not because I deserve it. I come up out of a sinful family. My people were Catholic before me. My background is Irish Catholic.

Here not long ago, with an interview with some priests, they said, “Oh, well, all gifts come back to the church.” Said, “You’ll be coming back, Brother Branham.”

116 I said, “Not while I got the Holy Ghost.” Yes, sir. I have nothing against Catholic people. No, sir. I have nothing against the Catholic no more than the Protestants. We’re all people. We’re all striving for the same place. But, brethren, the first thing you know, they begin to pull the wool over your eyes and denying the thing that’s God. Don’t you do that. Out on the farm, we used to have some experience of them kind of things.

117 Now, I want you to go to your church. If you’re a Methodist, go back. Go back with the Holy Ghost. Tell your pastor. Do what you can for your church. Do everything you can to get the people filled with the Holy Ghost. God’ll appreciate you, and if your pastor’s spiritual, he will, too. Sure, he will. I’m not trying to take you away from churches; I’m trying to get you to God. God is the main thing.

You know what I believe? I believe in calling a prayer line. I'm just going to stand here and ask God just to help me right here from this platform. Do you believe out there?

118 I'm just seeing if there's anybody I recognize. 'Course I know Brother Bosworth here, and Billy Paul standing there, Brother Ryan. It's all I remember, seeing them there. On this side here, I see nobody I know. I see Brother Daugherty sitting here, and Brother Skaggs. As far as I know, that's about as far as I... Of course, the brethren up in here, Brother Beeler and them from Jeffersonville. That's about as far as I know. But you know what? The God that I've tried to represent knows every one of you. Do you believe that?

119 How many believes that God said He set in the church apostles, prophets, teachers, evangelists, gifts of healing, working of miracles, speaking in tongues, interpretation of tongues. Do you believe that? With all your heart? Then look here.

120 To you Pentecostal people, God give you a gift not long ago of speaking in tongues. I will admit you run it to extremes. Now, you Baptists see.... To me it's the Gospel. I love all of you. But, brother, when I see anything's wrong I got to say something about it, see. He give you a gift of speaking in tongues, and they run it into extremes. That's right. Because you got people down there and got them to speak with tongues that knowed no more about God than nothing. They went out and done all kinds of things. If they really had God in their heart, they wouldn't have done that, see. That's right. So far for that. That's all right. Brother Bosworth and them will.... Teachers will do that.

121 I believe in speaking in tongues, sure I do. I believe in everything God said in this Bible is the truth. But the Bible said ... Paul said, "If you all speak with tongues, and one comes in unlearned, he'll say, 'You're all mad.' But if one prophesies and reveals the secret of the heart or something, then they'll fall down and say, 'God is with you.'" Is that right? Thanks be to God for both of them. Is that right? It's prophecy.

122 Now, there's a difference between prophecy, a gift of prophesy, and a prophet. Did you know that? There's where you brethren in the Latter Rain went off at. Somebody make a prophecy, you call them a prophet. That's wrong. The next time, you've seen an error. A gift of prophesy and a prophet's different.

123 “God in sundry times spoke to the fathers through to the prophets, these last days through His Son, Jesus Christ.” A gift of prophecy is in the body and two or three has to set before it to see if it’s ... to be judged when it’s spoke. But you never seen nobody stand before Moses, Isaiah, Jeremiah. Korah tried to stand before Moses one day, and the world swallowed him ... or, the earth swallowed him up, see. But a prophet is born, election. All through life it’s the Word of the Lord just as it comes to them. Now He reveals.

Now, when everyone gets quiet. I’m trying my best to ask God in my heart. But as you’re moving, it just keeps me going. Spirit moves here, moves there, moves here. I just don’t know what to do. Let’s pray.

124 Father, Lord Jesus, the great Alpha, Omega, the beginning and the ending, He which was, which is, and shall come, the root and offspring of David, the morning star, we worship Thee tonight with all of our hearts, full of love and gratitude. I have done the best that I knowed how in Your Word, feeling, Lord, that something ought to be said to these people. For Your great Spirit is laboring here, and critics sitting around with all those ideas, and Thou knowest, Lord, it be ... come right to me. You know You revealed them to me.

125 And I felt like if I could let the people know just where we stand, and what we stand for, they’d understand then that we believe You. And now, Lord, I’ve spoke Your Word the best that I know how. And I pray that You’ll confirm it tonight with signs and wonders. Now, back the word of Your servant. I’ve spoke for You. Now, speak for me, Lord, in the way that my word might be known to these men and women, Your children, to be true. I ask this for God’s glory and the confirmation of His Word which Jesus Christ said would take place in the last days: “The things that I do shall you also.” I ask it in His name. Amen. Amen.

[A sister speaks in tongues, and a brother interprets.] Now, you have heard His Word. I don’t know those people, but the Lord has spoke and He has told you, “Draw nigh.” His Spirit is near. May He come. May He speak.

126 Now, you believers, look and believe. You look and have faith in God. And be reverent. Sit still. How many out there wants to be healed? Raise your hand. Some of you are dying, you know it.

How many over here? You here. I'm asking God to help me on this.

127 But before I get a person here at the platform, He'll sweep over this audience in great visions, and let me prophesy from this platform in His name. It's a great thing to ask Him. I never done it before, but I believe He will. I have faith in my God. I believe that He's here. If He'll do that, surely you'll believe. Just be reverent. Don't be in too much a hurry. Let the Spirit of God.... Be reverent, just keep praying. He's here. Visions will move. But please, be real ... just as quiet as you can.

[A sister speaks in tongues.] Now, you hear the Spirit speaking all around through the building, see? [A sister speaks in tongues.] Now, everyone just be....

128 I know you might not believe it. I can't make you. The vision.... Here it stands over a little woman sitting right back here, a Light. She's praying. You have a female trouble, don't you, sister sitting right there on the left hand side of the row. Isn't that right? You was asking God to heal you, didn't you? You're healed. Do you have a prayer card, lady? You don't have a prayer card, no.

Be in prayer now, please, everywhere all over the building. I can only speak where He tells me to speak.

129 I see a man looking at me right now. I see it standing near him. You with the brown suit on, sitting there. It's near. It's near you.... No, it's a woman I believe. The man. He has.... You have catar... don't you? Catar... and some kind of a.... You have something wrong with an eye, a cataract. Is that right, sir? Raise up your hand if that's right. You don't have any cards or anything. All right. You can go home now and be well. Christ makes you whole. [Blank spot on tape]

130 That lady, it seem like it.... Look this way, lady. Do you believe me to be God's prophet? You, yes. Stand up to your feet just a minute. Do you believe me? I call ... Said something there, and you moved. And I seen the Spirit stand by you. It isn't there now, but I want to talk to you a minute. Do you believe me to be God's servant? We're perfect strangers, aren't we, lady? You don't know me. I don't know you. Do you believe the message that I preached is the truth? You do. No way at all for me to ever know you. Probably here, and me a hundred and fifty miles away. But you

believe now. I want you to talk to me just from there, just like you was on the platform.

131 No, you come from away from here. You live by a place got a lot of rolling hills in it. It's a ... I'd say you come from New York. Is that right? And don't they call you May? Aren't you.... Ain't your name May? Is that right? It's May? And you have.... You have something wrong with your eyes and you have spinal trouble. You're on your road to a place where there's a lot of palm trees growing. I believe it's California, and you're going to meet a lady that looks a whole lot like you. It's your sister. Isn't that right? Is that the truth? And you're fixing to leave right away, aren't you? Is that the truth? Raise your hand if that's the truth. All right, you can go on your road, healed, to your sister now. Jesus Christ has made you whole. God bless you.

Have faith. Don't doubt. Somebody over in this way. Somebody believe in here in this vicinity here. Have faith in God. Just pray and say, "God, I believe that with all my heart, and I'm desperately in need."

132 I see a little mother hugging a baby. What about you, lady? Look like you're kind of desperate. Do you believe me as God's prophet? We're strangers. I don't know you. God knows that I don't know you. But you're in need of prayer. You've got a gall bladder condition. Isn't that right? And you've had an operation and it ruptured. Is that right? Isn't that your husband sitting out there from you? You have a back trouble, don't you, sir? And that's your granddaughter sitting next to you. And the little baby's bothered with a nerve condition which causes headaches and stomach trouble. Is that right? That's the mother of the baby sitting right behind it. Is that right? Hallelujah. All right, you can go home and be well. God bless you, sir.

133 Have faith in God. Believe with all your heart. Shame on you people. How would you reject and deny? Someone believe somewhere else. Have faith. Believe this that God.... I'm telling you the truth, my friends. Excuse me for being a baby. When you see the supernatural, see an Angel standing there, that Light moving over a person, see it break out and see it. What's going on, taking place? Please don't walk around. It throws me out so. God will surely make you pay for it after you're asked in Jesus' name to be

quiet. Said, "Be still and know that I'm God."

134 See a man sitting back in there, looking at me. I see something that's coming near him, standing over him. He has a gall bladder trouble, a liver condition, many things wrong with him. Do you have a prayer card, sir, sitting with the glasses on, sitting, looking right at me? Stand up to your feet just a minute. Do you believe with all your heart? Now, you're aware, brother, that something's taking place. You have a feeling that you've never felt before. Isn't that a... You have a strange feeling. Isn't that right? It's the Angel of the Lord standing near you. Looks to me like that you could see that, people. Just look that way, right there just above the man. That milling Light standing right there. It's kind of a amber, moving. Right here it is.

135 The man has come from a... He's come from away. He's from up in... He's from Indiana. And I see he's in a... He's somewhere where there's a lot of criticism. They're criticizing divine healing to the man. And I hear somebody call his name Ed. Isn't your name Ed? If that's right raise up your hand. All right, Ed. You return home well, and show the people what the Lord has done for you. And God bless you. Go on your road.

136 Let's bow our heads just a minute. I want everybody with your heads bowed and reverent. I want you to believe right now. And I want each one of you to repeat this prayer. As I say it, you repeat it. I'm going to pray it, just say it, but you pray it to God.

137 Oh God ... (Repeat it after me.) Oh God, Creator of heavens and earth, I do worship Thee. I believe these things. Your Bible has said so, the reason I believe it. And now, I'm coming to You to believe that You're going to heal me ... or, give me faith that I can accept my healing. And I now, as Your servant, I rebuke the devil that's tormenting me. And by Jesus' stripes I am healed. And I'll testify of it. And I will give You glory. In Jesus' name I accept it. Amen.

138 Now, each one of you just keep your head bowed. Keep shut in with God. Keep praying. I want to watch and see what He does. Keep praying now. Are you ready to accept your healing? After the Holy Spirit here, see Him moving with the people, how could you doubt Him anymore?

139 Now, surely by God's help.... If God will stand here on the platform and rebuke a devil, He can rebuke the whole thing at once. If in Africa, a land of Hottentots, one prayer, twenty-five thousand people was healed, surely He can be in Owensboro, Kentucky, right in the middle of civilization. Keep your heads bowed and listen now. Pray while I ask God to help you. This is my prayer. You just keep shut in with God now.

140 Almighty God, I ask for mercy. I see these poor people. See many of them laying here on cots and stretchers and beds, see them sitting back there with heart trouble and diabetes, cancer, and diseases that'll kill them before another moon changes if You don't help them. And God I know You're here willing to help them and may.... If the devil is standing in their way, they're trying to get them to doubt or be a little skeptic about it. And I pray for mercy. I've preached. I've done all I know how to do. And now, Lord, I pray that You'll hear my prayer. And I'm coming to You with reverence and with respect. And I'm coming believing that You're going to heal every person here.

Now, thou demons that's bound this group of people, in the name of Jesus Christ the Son of God, I adjure thee, come out of the people and leave them.

141 I want you to keep your head bowed. Keep thinking in your heart, "Thank You, Lord. Thank You, Lord. Thank You for my healing." Now, you that couldn't do something, you that couldn't hear in one ear, put your finger in your good ear and see if you can't hear out of your bad ear. You that couldn't raise your hand, raise your hand up. You that couldn't do something, do it. The first one can do something that they couldn't do, raise up your hand. Let me see. Can anybody hear out of one ear that they couldn't ear before, raise up your hand. Somebody that had a bad ear. Can you hear now, sister? I want you to come here a minute. Somebody else that couldn't raise their hand, raised their hand. I want you to stand right here for a testimony.

142 Somebody that couldn't hear and can hear now, accept your healing with this woman ... if you accept your healing now. You couldn't hear, but now you can hear in your ears, raise up your hand so I'll know who you are. Can you hear, brother? Couldn't hear before, can hear now. Come right here. That's right. Come right....

Come here. Right up here. Stand here. That's wonderful. Come right on up, testify.

143 Somebody else that can hear, couldn't hear. These people are getting healed right out in the audience, their own prayer, their own faith. You couldn't hear, and now you can hear. Raise up your hand. You couldn't hear before prayer and now you can hear. Anywhere up in here? Up in this way? Anybody that couldn't hear? If some of those in wheelchairs sitting there, ask them to say, "Praise the Lord," or something. Say, "Praise the Lord." Speak out, see if they couldn't speak, let them speak. All right.

144 Somebody that had a crippled hand and couldn't raise your hand, raise up your hand now. See if you can't raise your hand up like that. Somebody who couldn't walk, get up and walk. Come to the plat. . . . Come right on around here, brother. Come right on up the platform here. I want you to come up and testify. Somebody that couldn't do something. . . .

What's the matter, people? Don't look at these people. Pray for yourself. You're the one's in desperate need. I'm going to get heart troubles and everything here in a few minutes for testimonies.

145 That's it. You that couldn't do something, I want you to do it now. God bless you. Here's a lady that had. . . . Come hobbling on crutches. Here she comes walking up without them. Let's say, "Praise the Lord." All right. Time for you to get busy, start doing something. Come right on, sister. Come on. Don't matter. . . . You may be a little lame in your legs. That's all right. Come on. You'll be all right. Now, if some of the rest of you couldn't walk, get up and come on up here. God bless you.

146 Look, sir, you laying there on that bed. You believe me to be God's prophet? Do you believe that what I tell you to be the truth, laying there on the cot? I don't know you, but God knows you, doesn't He? Would you believe me as God's prophet if I tell you the truth? You'll have to. Do you believe that, mother, with all your heart?

147 The man is at the end of the road. He has cancer in the rectum and he's helpless. [Unclear words] that which has brought him to those crutches. Mister, if you lay there, you can't last but a little while. But Jesus Christ will help you. If I was in your place, I

would command you in the name of Jesus Christ to get out of that stretcher and walk. Do you believe me to be His servant? I'd raise up out of that chair, go home. Tell the devil he's a liar. Push my cot on out and go home, wouldn't have to fool with it. Then rise up.

148 And any of the rest of you here, any that's laying here on the beds, anything you are, God knows your heart. I can tell you what's wrong with you and what's your trouble. I can tell you right now. It's your unbelief. God is here right now to make every one of you well. Do you believe it? How many of you accept your healing, stand to your feet. Every person in here that believes that you've accepted your healing.... That's right. Stand up. God bless you. God bless you. Stand up. That's good. God bless you. God bless you. God bless you. Come right on up. That's right.

149 Here's a deaf and dumb standing up now to come and testify. They've accepted their healing. Amen. Here's the old man that was laying paralyzed from this cancer laying here, coming right out of the bed to accept his healing. That's the way to do it. Rise up to your feet. Don't be scared. Stand right up and say, "God, my merciful Father, I believe." While you're standing I'm going to pray.

150 Oh, Lord God, give power, give strength, give unction. I pray tonight, Lord, that You'll have an old-fashioned testimony meeting here that'll glorify God that the power of the Holy Ghost will fall into this building and the great unction of God will fall and heal every person here and may there be an old-time conviction and power in Jesus' name. Amen.

151 Here's the man that was paralyzed, laying here, raised up out of the stretcher. Some of you ushers go down here and bring him up the platform. Brethren, say, some of you come over here and help the man. That's right. Here's the man laying paralyzed on the stretcher. Get the crutches. Pick up the crutches and take them [unclear words].

Let's say, "Praise the Lord." All right.

Everybody want to testify come forward. Come up here now, everybody that wants to testify to give God glory. Here's a crippled man walked out of here in this aisle giving God praise.

Let's say, "Hallelujah." Praise the Lord. Praise the Lord. All right, Brother Bosworth, come take over the testimony meeting now.

God bless you.
