

Super Sign

Grass Valley, California
July 08, 1962

1 Thank you, Brother Borders. Let's remain standing just a moment for prayer, while we bow our heads. Now it's the closing of this five-day campaign, and we are thankful for what the Lord has done. I wonder if there is still requests, which I'm sure there is, be made known by just lifting up your hand, and saying, "Lord, remember me now."

2 Our heavenly Father, we are coming again to the close of a meeting, which is always ... and especially this one, it brings a little sentimental, sorrowful feeling to our heart, for we have come to learn and love one another, with godly respects and brotherly love. We thank Thee for all that You have done for us, the mercies that's been granted us. You have did for us the exceedingly, abundantly more than we expected, and we're bowing our heads in humility and giving thanks to You.

3 And I pray, Father, that You'll bless every request that was behind those hands. That's all I know to do, is lay my prayer and my faith upon the altar, with theirs, and ask in the name of the Lord Jesus that You will grant every request.

4 Now, Father, we pray today that at the closing of the service ... and we seen You save the lost through the week, and we pray now that You will heal the sick today, for us. Grant that there will not be any feeble people among us when the service is over today, but may every person be healed. Bless all the efforts and all that's put forth, any time and effort, may it be blessed, Father. We commit all the results to You, and trust to meet again somewhere this side the river. If not, we know we'll meet over there. Until then, keep us healthy, happy in the service of God. In the name of His Son, Jesus Christ. Amen. You may be seated.

5 I just know, or hardly know, rather, where to start and what to say. I will first say that I will always have a great respect for a

brother that called me to come to this valley, and that's Brother Fred Friedmeyer. I think he's a friend to Brother Harrel.

6 And the little Arganbright family. Mrs. Arganbright was here last night, and little Mama and Papa Arganbright. Mrs. Arganbright's people, I don't know what her name was before she was married, but they were the early settlers that come in here in old wagons, and ox, and so forth, and settled up right here in Grass Valley. Here's where she's always dreamed of. They follow me in the meetings.

7 Brother Arganbright and I have missionaried almost the world over. He's stood with me in great battles; when I've seen as many as twenty or thirty witch doctors come and challenge, and sit on both sides, and call a storm right into existence. You think they can't do it? You just haven't been a missionary, that's all. They can do it. But I seen the power of Almighty God break that storm right in the middle, and peel one place back, and the other, like that, and see thirty thousand swarm to the altar at one time to receive Christ. It's really something to be on the mission fields! I want to....

If Mrs. Arganbright is here again this afternoon, God ever bless her and Papa Arganbright! I didn't get to see her, to shake her hand, no more than back of the building. They've been really papa and mama to me.

Brother Arganbright is overseas at this time. I'm to meet him right away. We're going to Anchorage, Alaska, to establish a Christian Businessmen's, Full Gospel Businessmen's Chapter. I speak for this group, world-wide. I'm going into Africa to organize some chapters down there. I want to thank them.

And Mrs. Arganbright, if you're present, no wonder you was so happy for this little valley. Or, I guess it's a valley, it's called Grass Valley. How I've heard her talk about so many fine people! I met them.

8 And I want to say to the people that's with me, my group around here and the people that's visiting, come here with me, this no doubt is our queen meeting of the eleven meetings I've had scheduled. This is my seventh one. And this is the queen meeting, I believe, of all that I've had. I haven't dealt at all this week on sick

people; I have just stayed with the Word. And it's been such a thing, as you can feel where people take the Word, or not.

9 My wife, in the meeting, she sat back here last night. When I went home, she said to me, she said, "Bill." Now, she is a very smart girl, very fine discernment in, oh, natural discernment; I don't mean she has a spiritual discernment, Just ... she said, "Those people believe you. Those people love you." She said, "You could have a real meeting there." She said, "Everyone watched every word you said, and hung right onto it." And said, "You could just see the expression on their face when they looked, they believed it."

I said, "Honey, that's the first night, when I walked in there I perceived that."

Long as I live, I'll never forget this little visit at Grass Valley. I have been in bigger places, of course, bigger crowds, but never any sweeter bunch of people did I ever preach to than here at Grass Valley. And I want to thank the people.

10 They tell me that all the money was taken up to pay for the meeting, a night or two ago. And last night they give a missionary offering to me, and today they said they give a love offering to me. Now, it wasn't necessary. I didn't come for that. I've never, in my life, ever taken an offering. I get a salary from my church, of a hundred dollars a week. What money is sent in, we hold it and put it in missions, all of it. Then when we get enough to leave, to go in the mission fields, then I go. Therefore, we're not one bit a burden.

11 I was talking to Brother Harrel. He asked me to come over to Acre He believes this ministry would be effective there. It's more effective overseas than it is here. Them people, they want it. They got to see something.

12 And so I'm waiting for that great time when I will go to Israel someday, to bring the gospel to them. I was right close to it, recently, had my ticket already bought. And I was at ... I was in Egypt, and a half hour I'd have been over there. And the Holy Spirit, just as definite as you hear my voice, said, "This is not the hour for the Jew yet." Israel will be saved as a nation. The whole nation will come at once. God deals with Israel as a nation, we all know that. See, not as an individual; a nation. And He wouldn't let me go, remember.

13 How many ever heard of Lewi Pethrus? Many of you. The Stockholm church. He sent a million Bibles down there. You seen in the Life magazine where they was bringing up those Jews from down in Iran, and so forth, and they never had known what ... was still plowing with old wooden instruments and things, and it showed the picture of ships. I've got it, called "Three Minutes Till Midnight," and where we took the pictures of them coming in, packing their loved ones on their back, their old. And they said, they interviewed them, them Jews. They said, "Are you coming to the homeland to die?"

Said, "We're coming to see the Messiah."

14 When the fig tree puts forth its buds, that generation will see Him. Just does something to me! They're looking for a Messiah. Brother Pethrus give them these little New Testaments. A Jewish Bible reads from the back to the front, you know. And so they was reading it. And when they did, they said, "If this..." They never heard nothing about Jesus.

15 They had been down there for two thousand years, and they wouldn't even get on those planes. And they didn't know ... Looked like a bird, to them. They never knowed nothing about it. So their priest stood out, their rabbi, rather, and he stood out and he said, "Listen! Our prophet told us that we would be carried back to the homeland on the wings of an eagle."

16 You see how close we are, friend? We're at the door. Remember, when the gospel goes to the Jew, the Gentile is finished, the door is closed. See how close it is?

17 And then they come. "Got on the plane when our rabbi told us that when our ... we will turn back to the homeland." The prophet told them. They always believe their prophets. "And the prophet said we would return on the wings of an eagle." There it was, that bird, the airplane.

18 They got off, they said, "Looking for a Messiah." They wasn't looking for the homeland; they was looking to see the Messiah. When the Jew goes to looking for that, something is at hand. They

read this book, and they said, “We believe our prophets, and we know Messiah is going to be a prophet when He comes.” Said, “If this be the messiah, then He is a-living, let us see Him do the sign of the prophet. We’ll believe Him.” Hmm! What a perfect, what a perfect thing!

I’d like to call five or six hundred of them together, say, “You mean that? Let’s see whether He is alive, or not. And right on the grounds where your fathers rejected Him, now receive Him.” The Gentile is finished then.

19 Get in, quickly, stay in right quick. Not, I don’t mean to get sentimental, but I know we’re at the end. Now, just something inside of me tells me that something is fixing to happen. It just can’t go on. We’re just here. Everything has done taken place. I don’t know when. It might be today yet, it might be next week, it may be five years, may be ten years. I don’t know. But it just seems to be it’s awful close. I’m looking for it. We can’t live much longer like this. We know we can’t.

So, I love you for listening to the Word. God bless you. I’ll ever pray for you.

20 And I want to ask you a favor. That is, when . . . I’m fixing to go overseas now. And when the nights are dark, and witch doctors on every side, it’s cloudy and heavy, you’ll pray for me, won’t you? I’ll be remembering it.

I want to thank the people from this auditorium. This is a nice, beautiful place, seated so nice, and everything so nice. I don’t know who it is, whether it’s the officer a day, or whatever takes pla . . . ever committee of them. Whatever it is, I want to thank them for this nice building. I want to thank each one of you for your cooperation.

I want to thank you for the offering. I’ll do the very best, by the grace of God, to see it goes to the kingdom of God, to do for the kingdom. You’ve put part of your living in there. I know it.

21 And I love you. Many times when I have to shake the things that I do, it’s because of love, love corrective. Love always. . . . You seen your little child out there in the street, you wouldn’t say, “Poor little fellow, just let him alone.” You’d get him in, out of that street, and correct him, see, ‘cause he’d get killed. I don’t want you to miss it, friends. I want you to stay right with it.

Then I want to thank my brethren. Stand up here a minute, will you, brethren? Come here just a minute. Thrills my heart.

22 “All things work together for good to them that love God.” Over Sedalia, where I wanted to go so bad. I had so many letters in there. Brother Borders, when he got down there, he said, somehow another they kind of turned me down, on account of something I had said on a tape, some doctrine. They didn’t care for it. So that was all right, that’s every fellow, you know. But they didn’t know what they were doing. If they would have took it, I couldn’t have come to Grass Valley. The reason they turned it down (they didn’t know it), it was God bringing me to Grass Valley.

23 Here we stand this afternoon. I got four cooperating ministers here. One of them is Assembly of God, which is a great church, a great group of people, they’ve helped sponsor me world-over. The next is Church of God, another great group of Pentecostal people, helped sponsor me world-over. Next is the United, or the Pentecostal Oneness, another fine group of people that’s helped sponsor me world-over. Just left Los Angeles, where forty-some-odd churches of greater Los Angeles, of the United Pentecostal Church, sponsored the meeting at the Cow Palace; or, we call it Cow Palace, great stock exhibits. One of them is interdenominational.

24 You know what, I want to tell you something. It’s many of the organizations of these men has been the times that’s turned me down on things that I’ve said. But these men, I understand that they’ve been bringing the groups together and praying. That’s what done it. Look, we’re human beings, the four of us standing here this afternoon in unity and brotherhood. I don’t know where I’d ever stand with anything better, this side of heaven. I mean that. I’m not saying that just to be acting; I’ve got other things I can be saying. But, I mean that. It just goes to show what you can do when you put your heart together.

25 Them great organizations are wonderful, they’re fine, they got fine men in all of them. I preach for all of them, and know it’s the truth. How I could remember the Assemblies of God, how they come to my rescue many times! I remember the Church of God up there in Tennessee, when I went up there and rented a big auditorium; and come to find out, some brother had wrote me and he

had one little church in the bottom, and that great big Lee College come together, they packed six thousand out, the second night, and the mayor of the town and them couldn't even get in. I'll never forget it. How many times the little Oneness churches stood by me in the mission fields and everywhere else. The interdenominational, wherever they are, they're real men of God in those places.

26 Now, that's the reason God deals with individuals. Never did He deal with groups, see. In the time of Noah, of the antediluvian destruction, He had Noah. The time of calling out of Israel, He had Moses. Coming of Christ, John the Baptist. In the days of Christ, Jesus. In the days of Luther, Luther. In the days of Wesley, Wesley. See, it's just an individual. That's correctly. Men of God, who God has dealt with.

27 And now, in the differences, I might say this. To see men who brings their groups together, and pray one, brethren, don't never let that stop. Just keep that going, whatever you do, it's all . . .

28 Now, when we started across the country. I'm a lover of a Ford. I like a Ford. My boy loves a Chevrolet just the same. He's just as much for the Chevy as I am for the Ford. Well, he tells me, "Your rattletrap Ford will not make it." I said, "Your old junker Chevy won't." But you know what? He remained my son; I remained his daddy. We stayed in our car and we both got here, because we was looking to something greater than a Ford or a Chevy. You know what I mean.

29 When I go to buy ice cream for my children, one of them will say "vanilla," the other one say "chocolate," the other one say "strawberry," the other one say "orange." When I come back, I got a rainbow color. So many differences! That's only in taste. It's all ice cream. And in a . . .

30 Here it stands today. We're all borned of the same Spirit. Denomination is only taste. It's all ice cream. It's all Spirit of God. And you know what? A rainbow makes a covenant. Let's stay this way, brethren. God bless you. Let's stay, see, a rainbow covenant.

31 God, God doesn't dwell in a Sears and Roebuck Harmony House, anyhow. God is a God of variety. Did you know that? Why does He make red flowers, blue flowers, pink flowers, all different kinds of flowers? Why didn't He just make them all white or all

red? Why did He make big mountains, little mountains; palm trees, oak trees? Why did He do it? Because He likes variety. You know what I mean? He likes variety. Why did He make the mountain, then the plain, the real dry desert, then the wet sea? He's a God of variety. But He wants it all to harmonize. That's why He made me with ears, nose, mouth; you the same way. It all harmonizes for one body.

32 That's the way we can do, harmonize. And our different opinions, we still harmonize because (we are) the taste has nothing to do with it. We are God's people, all marching together with one great purpose, to win souls for Christ. May it ever be that way! May this great bouquet of God's gathering together here be an everlasting bouquet until He comes to take us home. My sincere desire is that.

33 Now, today, we have placed a time for healing, praying for the sick. I've had such a glorious time meeting the people on the street, hearing them, sitting, the Holy Spirit leading me to places.

34 This morning I went in to eat breakfast, there sat a man sitting there. He may be sitting right here now. There he was sitting there, a minister from up around Tennessee. He had a big plate full of fried potatoes, and ham and eggs. He just started screaming, said, "Brother Branham, before I met you, I couldn't do this. I had an ulcerated stomach." He said, "Now I eat what I want to, by the grace of God."

Another one said, "I didn't have any children, barren. Now I've got five boys."

35 There you are! See, "It's just the grace of God," that's what it is, see, "shed abroad in our hearts by the Holy Ghost." God ever bless you! Thank you, so much. Thank the ushers, to everything that's been done. God bless you. And I hope to get back with you again. Until I get to come, pray one with another, one for another. And include me in your prayers, if you do that. God bless you.

Now, let's bow our heads now for just a word before we start a little text for the healing service.

36 Gracious heavenly Father, it's such a great thing to meet Your children. I remember one time standing on the street, nobody would talk to me, from the family life, poor, bad name. Some man talking, then somebody else come up, walked away and left me standing there. And now people over the world! No wonder You said, "He that will forsake all, I'll give him fathers, mothers, sisters and brothers. In this world, all these things; and eternal life in the world to come." How we thank Thee!

37 Pray, heavenly Father, now, that grace and mercy will rest upon us as we trust Thee and serve Thee in our day. Be with us now. Bless everything that's done. Bless these people. O God, I don't know how to say. . . . If I've found grace in Your sight, answer every request for them. May there be no feeble among them. May they be healed.

38 Bless these pastors. Bless their churches. Oh God, I pray that these converts this week will find a home in some of these good churches here. Let them know that they are the men who stood here on the platform, and has backed up and prayed for me, and stood behind me. God, if I lived here, I'd want to belong to one of them, myself. I pray that You will bless them. May there be an old-fashioned revival break out in every one of their churches, that will just start the fireballs of God rolling across the country. Grant it, Lord. Heal the sick in their meetings; save the lost; fill with the Holy Ghost. And keep it going, Father, until You send Jesus. Grant it, for we ask it in His name and for His glory. Amen.

39 Now, to the young converts that's here, that's been converted during the time of this meeting, that we've tried to do everything we could to help. Now we want you to find one of these churches of your choice, which one you desire to go to, and there go, and be baptized, and be filled with the Holy Ghost, and stay as long as you live, make a real good worker in one of these fine churches. They believe the message that I have preached, or they wouldn't have had me here or be here to back me up in prayer. They turned their congregations loose, therefore they're shepherds; I wouldn't say one thing to hurt, because I would be a destroyer of sheep. And I don't want to do that. I want to help sheep, feed sheep-food. That's the reason I try to stay right with the Word.

40 Now I want to speak for just a little while. And I wonder, is my voice coming all right up in the balcony, can you hear me? I thought I noticed the people moving around. Ever who is... Maybe I got this in transposition. Is this one? No. This one, is that better? This one, that's still better? All right. I'll take this one here and speak from this.

41 Now, let's settle down now. And excuse my sentimental feeling, I was going to say melancholy. I can't help it. About time I start to meet somebody, and get to loving them, get acquainted one another, then we have to say, "Bye-bye, see you again someday." I hate to do that. But I want to tell you, someday we're going to meet where we're not going to say good-bye no more. That's right, just beyond the river! And, oh, I got so many things I'd like to tell you about it, of experiences, wish I had three or four weeks just too stay here. And, but maybe, the Lord willing, I can come back sometime and we'll continue on.

42 Now just to continue, the reason of me speaking on Abraham, I just couldn't get him up to the top of the mountain. I had so many things to tell about him down here, where he was having his journey. And I did that to build faith in you, let you know that you are heirs with him. You are Abraham's seed. When you are dead in Christ, you're Abraham's seed, and heirs with him according to the promise. Think of it! How many in here is borned-again Christians? Raise your hands. Looks like a hundred percent. Then you are the seed of Abraham, and are heirs with him. You are heirs. Everything that He did for Abraham. He's promised to do for you. And the Word here is His promise, so just hold onto it now.

43 And let's read some of it. I want to read out of the book of Isaiah, for a little text, to gather a context. Isaiah, the 7th chapter, 14th verse.

Therefore the Lord himself shall give you a sign; Behold, a virgin shall conceive, and bear a son, and they shall call his name Immanuel.

Now from there I would like to draw a text, of this, "A Super Sign."

44 We are living in a day of everything must be super. It don't sell; it's got to be super. It's just a super day. We ever... The old corner grocery is about gone, where we used to go down on Saturday night and pay the grocery bill, and the little corner store. Why? The big super market run it out.

45 I visited one of your super markets. I have a little story to tell you about it. This water here, it's good water, it's good and cold. But it kind of made all of us sick, changing water, so the kiddies got sick. And my wife, we went down to the super market here, to see if they had some water. And the lady pointed over on a shelf. And we went over there, and it looked like beer in cans. I went back, and I said, "Is that water?"

She said, "Read it."

So, it was water. I got a case of those cans. I felt about that big coming out, packing those cans. I thought, "What if some Christian seen me packing these? Would I ever be able to explain that it was water?"

So, then when I got down to my motel. The lady was a Christian that runs the place, very fine people. And she said, "Well, my husband said he was very thankful we had no beer cans to pack out this week."

I said, "Lady, did you notice the water cans?" I wanted to be sure that she noticed it was water. And walking around with this bunch of cans in my hand, you know, but it's canned water.

Now, so, the super markets, the big places, they have things that the little corner store didn't pack. It's super market.

46 And then my old model A, it's out of date, anymore. My Ford, that Billy differs with me, coming out here... By the way, his radiator in his new Chevy boiled all the way out here, and my brakes burnt up in my Ford. So, you see, it took God to get us out here, anyhow. So that's what we have, it's just to opinion. They both brought us here because we trusted in God, and not the Chevy or the Ford. So, but now...

47 My first one I had was a model T. I've had a Ford ever since. And I always claimed the thing would do thirty miles an hour. It was very much doubted, but I had ... I would go fifteen miles an

hour this way, and fifteen miles an hour this a-way, you know. So, between it, I got thirty miles an hour.

48 But now they got a super, my, it really whizzes you over the ground. We couldn't sell the old T model no more, because it's a day of super. Everything has got to be super. And now they've even got super jets, super highways.

49 Why, these cars that we got today, couldn't run over these highways we used to have. My first trip West, it taken me sixteen days to go from Jeffersonville to Phoenix, Arizona, eighteen hundred miles. But, my, the most of it, was 1926, they had nothing but just old rock roads. I was a little boy sitting there, holding this spool-top Ford, I thought I was making good time. It would have took a horse two or three months to do it, if my daddy would have come.

50 But you see now, what happened all at once? Six thousand years has been the same man. But right here in the last fifty years, he's come from a horse and buggy, to a jet or a rocket. Why? The Bible said they would "run to and fro" in these last days, "and knowledge shall increase." It's a sign of the end time.

51 Super, everything must be super; it won't work. Even, they want super people. They tell me they got a television cast they call "Superman." Always something super! Two or three of them has committed suicide, or something, trying to work that mental mind up. Brother, we're at the age of insanity, everything has become so super.

52 We're just human beings. And they want a super race. Hitler said that Germany was the super race. Stalin said that Russians was a super race. Something wrong somewhere. They're all made off of one tree, so the Bible said, that, "God, by one man, one blood, made all nations; one man, Adam." From that Adam come all races, black, white, brown, yellow, red, whatever it is, God brought it from that one blood. Each one of us can give each other a blood transfusion. The country we was raised in and turned our skins different colors, it's still the same man.

53 And I've noticed, as a missionary. No doubt, brother could say the same. I've been in the Hottentots, to where they didn't even know which was right and left hand. But let them receive the Holy

Ghost, they do the same thing you do when you get the Holy Ghost. That's right! Act the same way, speak in unknown tongues, do just the same things that you do with the Holy Ghost. Sure! And they really are on fire.

54 Now all these, super, super! Now they're leaving the earth, going up into orbits, and astronauts, and so forth. They got everything so super! What is it speaking of, all this? Of a sign of oncoming darkness! That's right.

55 Man has always tried to make himself an achievement by his own knowledge. That's been his model all the time, of trying to achieve something by his own knowledge. It started out in the beginning, at the garden of Eden. Adam, as soon as he fell from grace, he tried to achieve something, he tried to achieve a super church, that is, a way of redemption without atonement. He tried to achieve a church, his way back into the garden, without an atonement. And he's tried the same thing all along. The fallen Adam today tries the same thing, to achieve a super church, some great intellectual, some great eye-catcher, and the beauty.

Now, if we only realize that there's only one way back, and that is the way that God first recommended: the blood.

56 Cain, he built a church, made a sacrifice, gave an offering, sincere, and prayed; and if God condemned him and received Abel, upon the same basis, God did wrong if He did that. But, Cain come his own way. And Abel come God's provided way, the revelation that it wasn't fruit (as some people thinks today) that drove Adam and Eve from the garden of Eden.

57 Now, this is a remark. I say it just not to make a bad remark, but just to make a point, not a joke. But, I've always said, the people believe (that's why I was turned down in that other meeting) that it was apples or something that Eve ate, that caused the fall. If eating apples caused women to realize they're naked, we had better pass the apples again. That's exactly right. Yes, sir. It wasn't apples, and don't you never let anybody poke that down your throat.

58 Why did she realize she was naked? Absolutely! Why did life come by that, that perverted life? God, the great contractor, had all the bodies laid out here on the earth, of calcium, potash, petroleum; He was going to create it and make it. But she bypassed the way of

God. Yes, sir. What did Adam do when he come to his wife? When he come to her, he found her pregnant (just exactly) of an evil, her own exception ... conception had received foul seed. Jehovah, before He could marry, His wife did the same thing. And Jesus, before He could get to His bride, she had organized herself and become the Roman Catholic church. Same thing!

59 But He will have a bride, don't you worry, that will be bought with His Word, just exactly what He told Eve to stay with. He will have a church, amen, that will be bought by His Word!

Now we find out, all this trying to achieve something great, make some kind of a great memorial to their own name, something super.

60 Nimrod, one time he wanted to achieve a way to go to heaven without any atonement, so he built a super tower. There's many towers, but He tried to build a super tower. What happened to it? It fell.

61 Along come Nebuchadnezzar, he built a super city. Thought he could build these big walls up, walled wide enough you could run a chariot race around them, and the great iron gates and the things that he built. Put the river right through the middle; a type of heaven. Swinging gardens in his throne, right by the river, like the river Euphrates; and like the river of life in the garden of Eden, and the river of life in the kingdom of God. And what happened? It fell, because it could not stand.

62 Our own nation, as a sister to England, always was jealous of her navy. So we tried to build a ship one time that could not be sunk, called the "Titanic." But she went down just the same! And the song, as the poet wrote, "God, with His mighty hand, shows this world it cannot stand." That's right.

63 France built what they call the Siegfried Line. And they put their guns all out there, got back here, women, wine, whatever more, live in sin. And if Germany ever marched on them, they would shoot them right down, because they had the Siegfried Line built, fortified in concrete. But what happened? The Germans marched right behind it and blowed them out of it. Wouldn't work.

64 Germany tried. They made them a Maginot Line, got down in the earth so deep, fortified in concrete and things. What did the

Americans do? Send in the blockbuster, and blowed them right out of it.

Man is trying to achieve something, make a sign of his own work, trying to do something.

65 Churches today are trying to get more members into them, make their organization greater. Instead of accepting the revelations of God, they pull off and make a sectarian thing out of it. That's what's the trouble, any organization! I am not against my brethren in organization. I love my brethren. But when an organization writes up their documents and signs it with a period; if they would sign it with a comma, it would be all right. If you say, "I believe this, plus all that God will add to us." Amen, that's good. But when you say, "We believe this, and this is it! And we don't want nothing else into it," then you law God right out of the picture when you do that. That's right.

66 Oh, super denomination! They've tried to educate people. Education is a good thing, but it'll never take the place of salvation. It cannot. God's program is not education, civilization; but salvation! But man has tried to make a super church.

67 The world is trying to make a super nation, with the bombs and so forth. What did they do? Till they got themselves in such a place till they're afraid of one another. One touch! It don't take a whole army, anymore. The little nations, anywhere, they can make a touch and, what it is, the whole world would be blowed up in a second. You don't have to have some great nation like Russia. Why, a little bitty place, an island somewhere, can do the same work. And they're standing there, radar posts, great missiles by the thousands sitting ready, with atomic and hydrogen weapons that could fly in. Russia could touch one trigger this afternoon, and this whole United States would sink beneath the earth. And the United States could touch one trigger and sink Russia beneath the earth. That's right!

68 I've heard the men, the scientists in the field, that's got so scared they've come out seeking God, and found the Holy Ghost. They don't know what to do! Oh, I tell you, you can't dig down to get away from it.

69 We got a shelter, though. It's not made out of steel. It's made out of feathers; under His wings where we rest, waiting. When the

bomb flies, don't worry about that. We'll be flying, too, right up to meet Him in the air; caught up to meet Him, in a moment, in a twinkling of an eye. So, you see the great super things that's got scare, one to another.

70 It's got to a place that we tried to build a super church. Now, you know that I was ordained in a missionary Baptist church. And the Baptist people, in 1944, made a slogan, "We want a million more in '44." I went to a rally where they was having it, a Sunday school rally, and they had to dismiss the church so the pastors could go outside and smoke. That's right. And then women sitting in there, half naked, and things like that, just because only thing they had to do was put their name on a book. I've got great respects for Baptist, Presbyterian, or anything that names the name of Jesus Christ. But, what I mean, we've got to get back to God's way of doing it. Not so much we try.... They want....

71 The Baptists wants to be the biggest group. The Presbyterian wants to be the biggest group. The Pentecostals, the Oneness, wants to be the biggest group. The Assemblies wants to be the biggest group. The rest of them wants to be the biggest group. Let's get that out of our head! There's only one group, and that's the blood-washed saints of the living God, that's been predestinated since the foundation of the world. And no seed, I don't care what it is, if it's not germitized, it will not come up. I don't care how many times you join church, how many denominations you belong to; unless that life of yours is germitized by the Holy Spirit, you'll never go in the rapture, you'll never raise from that place that you go beneath the grave. That's right.

72 Yeah, super church, super denominations, everything is super. Well, what has it always done? Everything that man put his hands on has failed. (Now I begin to feel religious.) Why? He's a failure to start with. And everything that he has tried to achieve has failed.

73 We got the day of the greatest medicines we ever had, and yet it kills about as many as it cures. That's right. We got the day of everything, seems to be greater. But look what it's doing, it's knocking the life out of the people. I stood in Africa and watched the malaria mosquitoes, just by the piles, upon a native's leg, wouldn't hurt him; let one touch me, I'd be so full of all kinds of things they shot in my arms to go over there, I'd take malaria the

first time one passed by me. See, it tears down the system. It might help here where it hinders here. It weakens us all the time.

74 And look what we got today, a bunch of . . . I hate to say this, this sounds sacrilegious; but almost a bunch of educated idiots. That's right. I say, as a missionary, it's a lot better to deal with an uneducated heathen than it is to deal with an educated heathen. A heathen is "unbeliever." That's exactly right. Oh, it's such a terrific thing of this day that we live, how horrible!

75 Now notice again, a super, all these things. Hitler tried to make a super race. Pharaoh tried to make a super race. I stood in Egypt, to try to see the thrones where Pharaoh set. You'd dig twenty feet beneath the earth to find their thrones. I've stood in Rome where the Caesars, it's all. . . . You can't even find the place unless you dig way down, the sunken walls and so forth, where the Caesars was. Why? It shows that anything that man does is corruptible. What is it all? All those things has fell to history and dust.

76 What makes a man want to do that? What does that? Is because there's something behind it, and he tries to take his own way instead of taking God's way of it. That's the reason they try to build super denominations. That's the reason they try to build super transportation, super cities, and so forth, it's because that there is something back there. That's what makes a man want to carry on and get drunk. Why does he do it?

77 Why does a woman want to strip herself off? Listen, sisters. This has become a nudist camp, almost. Don't you let that spirit get on you. It's a spirit. Believe me, as a servant of Christ. It's a devil; keep it off of you. Pray the blood of Christ keep it away from you. I don't care what church you belong to, that means nothing to me or nothing to God. The thing it is, is, are you right with God? Then the whole, you don't have to pick. . . .

78 I live in a country where they have oak trees, scrub oak. And in springtime, the wintertime has passed by, and there is all the old dead leaves hanging on the oak tree. Now how we going to get some new leaves? You don't have to go out and pick off the old leaf. Just let the new life come in, the old leaf drops off.

79 And that's the way it is with Christ. When Christ comes in, the world drops out, automatically. When people say that they're born of the Spirit of God, and still love the things of the world, the Bible said, "If you love the world or the things of the world, the love of God is not even in you." How can we do those things?

We're trying to build super things. Now, it's all rotten, it's all dust, it'll all return to the dust. So, man desires to see a super sign.

And God said, one time, "I'm going to give them a super sign. I'm going to give them people a super sign."

80 The Jews want signs. Everybody wants signs. And they want signs. The world today wants signs. They're trying to make their own signs. But God give them a sign! That's right. The zigzag lightning on a black, stormy night, shows that there can be light in the time of darkness. That's right.

81 God said, "I'm going to give them a sign: a virgin shall conceive!" How humble He made it! This is a super sign. "A virgin shall conceive and bear a child, a son, and His name shall be called Immanuel, 'God with us.'" There is the super sign!

82 How striking it ought to be, that God Himself would become a baby! How that God so loved the world! That's one of the greatest scriptures there is, how that, "The love of God so loved the world, that He gave His only begotten Son; whosoever believeth in Him should not perish, but have eternal life." The very dust that He created on the earth, He become that dust. How striking it ought to be! God, Emmanuel, changing His cast from God to a man, stretching his tent from the stars of heaven, to live here on earth with filthy creatures as we are. The love of God, how that He would do it!

83 How striking it ought to be to the sinner, to know that little Jehovah crying in a mother's arms, little Jehovah, not come in the polish of an angel. He come as Abraham's seed. He come as a man. He never come down the golden corridors of heaven. If it would, it would be for the rich. But He was born in a manger, so poor He had to borrow a womb to be borned in. And when He left, He had to

borrow a grave to be buried in. Jehovah, Emmanuel, a super sign!
Amen.

84 God sent prophets, he sent signs, He sent everything. But said, “I’ll give you the super sign now, the great sign; Me, Myself, I’m coming down to dwell among you, be called ‘Emmanuel.’” It ought to strike the people; Himself made flesh and dwelt among us! Born in a dirty, stinking stable; little Jehovah, not laying in a pink basket in a hospital room, but in a stinking manger over a manure pile in a barn. Emmanuel! The creator of heavens and earth, with swaddling cloth on! Hallelujah! Little Jehovah playing as a kid, Jehovah as a teenager, Jehovah as a carpenter, it ought to be striking! But, it’s so dull, the world misses it a million miles.

85 A woman not long ago, I was preaching on the deity of our Lord Jesus Christ, and she said, “Mr. Branham, I appreciate your preaching, but” said, “there’s one thing you do that I certainly don’t agree with you.”

86 And I said, “What is it, sister? If there’s just one thing, I’m thankful to meet you,” I said, “because usually it’s about a hundred things.”

87 And she said, “Well, there’s one thing outstanding.” ‘Course, she belonged to a church that don’t believe in the deity of Christ; just like when I see today when they go to push Him back, and just make a prophet out of Him. Oh, my! She said, “You brag too much about Jesus. You make Him divine.”

I said, “He was divine!”

“Why,” she said, “He couldn’t be divine.”

I said, “Well, He was divine.”

She said, “Well, He can’t be. I’ll prove to you by your own Bible that He’s not divine.”

I said, “I’d like to see you do it.”

And she said, “All right, take your Bible and turn to St. John, the 11th chapter.”

I said, “All right. I know just what you’re going to say, ‘cause I practically know it by heart.”

And she said, “Jesus, on his road down to raise Lazarus out of the grave, the Bible said, ‘He wept.’ “

Well, I said, “Sure.”

And she said, “Well, now, how could He be divine, and weep?”

88 I said, “That was the man part weeping. That’s right. You fail to see that He was Emmanuel. He was both man and God.” I said, “He was a man going to the grave, weeping. But when He pulled them little shoulders together and said, ‘Lazarus, come forth,’ and a man that had been dead four days, and stinking, come forth and lived again, that took more than a man!” Right.

89 He was a man when He come off the mountain that night, hungry, looking on a tree to find something to eat. But when He took five biscuits and two fish, and fed five thousand, that was more than a man. That was the creator, Jehovah! Right.

90 He was a man when He was laying on that ship that night, and the ten thousand devils of the sea swore they would drown Him. Bouncing out there like a bottle stopper, when the waves come up. He was so tired from preaching till He couldn’t even move, didn’t even wake Him up. But when once He was aroused, hallelujah, went forth and put His foot upon the brail of the boat, and looked up and said, “Peace, be still,” that was more than a man. That was God who could still the waves of the sea.

91 It was a man that cried for mercy at the cross, “My God, why hast Thou forsaken Me?” But on Easter morning when He broke the seals of death, hell, and the grave, and rose up again and said, “I am He that was dead, and alive forevermore,” that was more than a man. That was God in His Son. Amen.

92 Every man that’s ever amounted to a hill of beans, believed that; every poet that’s thrilled every heart, that’s ever done anything.

93 Eddie Perronet, that wrote the inauguration song. His songs wouldn’t sell. One day the Spirit grabbed a hold of him, he took the quill in his hand, he wrote with the Spirit, “All hail the power of

Jesus' name, let angels prostrate fall; bring forth the royal diadem, and crown Him Lord of all." Amen.

94 Old blind Fanny Crosby, one night she was asked why she wouldn't write worldly songs. She said, "I'm a Christian." How much different she is from Elvis Presley! They said, why, the man made fun of her, said, "There is no such a thing." Said, "What do you mean, if He won't open your eyes?"

She said, "God has chose my lot."

95 And he said, "Well, how will you ever know? If you die, and there is such a place, you can't see Him."

She said, "I'll have my sight over there."

"Well," said, "what if you haven't got your sight?"

She said, "I'll know Him, anyhow."

Said, "How do you think you'll know Him?"

96 Said, "I'll feel the nail prints in His hands." Then she turned, and inspiration struck her, and she sang, "I shall know, yes, I shall know Him, and redeemed by His side I shall stand; I shall know Him by the nail prints in His hand." My! She wrote, "Pass me not, O gentle Saviour, hear my humble cry; while on others Thou art calling, do not pass me by. For, Thou the stream of all my comfort, more than life to me; whom have I on earth beside Thee, or whom in heaven but Thee?"

97 Sure, anybody that ever amounted to anything, believed Him to be Emmanuel! He was more than a prophet. He was a prophet, but He was a God-prophet; Emmanuel, God in flesh.

98 He never come with the salute of heaven. He never come as an angel. He come as Abraham's seed, to show the last-day super sign of God. Oh, yes, to make a super seed, a super race, the race that had been promised, Abraham's race, to bring forth a super seed that we've been talking about, a super Christ.

99 What did they do to Him when He come on earth? They made fun of Him. They called the Spirit that was working in Him, where He could discern spirits, and so forth, they said, "It's the devil. He is

Beelzebub, a fortune-teller.” And in the physical part, the body part, they hung it on a tree and put Him to death.

100 But He was a super sign! He rose up again on the third day, for He trusted the Word of God. David said, under inspiration, “I’ll not leave His soul in hell, neither will I suffer My holy one to see corruption.” Therefore Jesus knew that the Scripture spoke of Him, that He would not see corruption. Corruption sets in in seventy-two hours, on a dead body. We know that. And he knewed, some time between that, He would raise from the dead. And He rose up from the dead, for He was a super sign. The prophets were signs, sure, but they died and went into the grave. But Jesus was the super sign, He come out of the grave! Amen. Super race! Yes, sir. A super Christ!

101 After two thousand years now, two thousand years, with all the critics and everything else. He still remains the same today! “I’ll give you a super sign, a great sign.” The people want something super, so the church got something super. Not just a handshake, not just a formal baptism; but a baptism of the Holy Ghost! Not just an actual, dry-eyed confession; but a Spirit of Christ living in them, bringing their very life up to a place that serves Christ and live with Christ.

102 Now, the Bible said, last night where we left off, Abraham, told Abraham in Genesis, 22nd chapter, 16th and 17th verse; He said, “Thy seed shall possess the gate of its enemy. Your seed, Abraham, will possess the gate of the enemy.

103 When Rebekah had been chose for Isaac, the son, it was also said the same to her. When Eliezer, a type of the Holy Spirit that come to find the bride, he found her in the cool of the evening. Get what it is? This day, last day, last part of the day, when the evening lights are shining, He found her.

And notice, he had to deal with two different people. She had a family. But the only one that Eliezer had to deal with was her mother and her brother.

And he said, “Now, what if the woman won’t come with me?”

Said, “Then if she won’t come, then you’re free from your oath.” Then he put his hand on his hip, and swore by it.

104 Notice, Eliezer found the woman, he knowed that was her. And notice, he had to deal with two people, her mother and the brother. The father, rest of them, had nothing to say. Mother and brother!

105 So has the messenger, the Holy Ghost of God, in this last days, picking out the bride. He’s had to deal with the church that calls itself the “mother,” the Catholic; and the “brother,” the preacher. That’s exactly. He had to deal with those two. They was the one that kicked up a fuss about it.

But now he said, “You’ve got to make your choice. Will you go?”

And look, quickly, as soon as she heard about Isaac, before she had ever saw him, she said, “I will go!”

106 Why? She was a blood relative to him. See, that was Abraham’s brother’s child. Isaac and Rebekah were first cousins, blood relation; showing that the church in the last days will be blood relation to Christ. For, the very God that predestinated the Christ who was the Lamb slain before the foundation of the earth, the church itself, it’s name, was put on the book before the foundation of the world. And Rebekah, as soon as she heard of Isaac, there was something in her that pulled her straight to him, though she hadn’t seen him or nothing, she yet wanted to go by her own choice away from mother or brother.

107 And today, if that light of God, that Holy Spirit, ever strikes a predestinated seed, whose name was put on the Lamb’s book of life before the foundation of the world! The Bible says that. That’s right. The light will shine! You can preach to some, and it seems like it’s just like water on a duck’s back, falls off. But let it once strike that seed, and watch what happens quickly, something is there right now! Why? It’s predestinated seed coming forth. It’s got to

come. And when that light, the gospel, strikes it, they get it. The rest of them will get up and walk away; it's not for them. The Bible said that men were "foreordained to condemnation," book of Jude. All Scripture is by inspiration.

108 Now, when that light struck little Rebekah, she knew something within her, and that brought her to Isaac. She veiled her face. She wanted no more to do with her own thinking. Isaac was her thinking from then on. And the church itself, when it strikes that power of God, the baptism of the Holy Ghost, out of the denominational churches, out of the Catholic church, wherever it is! When that baptism of the Holy Ghost is made real to people, them that's predestinated (like you people here) to eternal life, sees it and walks in it. What is it? A super sign. And, the enemy, possess the gate of the enemy!

109 Look at Abraham's natural seed. Moses, he possessed the gate of Egypt, that great city. He possessed the gate of the Red Sea when he come to it. He did.

110 Look at the Hebrew children, the enemy was the fire. They possessed the gate of the fire, that it couldn't burn them.

111 Look at Daniel in the lion's den, Abraham's seed, he possessed the gate of the lion's mouth. He could not open his mouth. I believe God come down in that pillar of fire, and stood there between Daniel and those lions. Anyone knows that a lion is afraid of fire. And he seen that light whirling there, and that lion wouldn't go to him. It was the angel of the Lord. Daniel possessed the gate of the lions' den. Why? He was the seed of Abraham.

All these great warriors, we could take hours on them. Got a many of them wrote down here. I'll bypass it, for a time. But all these died in the faith, all went down into the ground.

112 But there come the super seed one day, the royal seed, and He possessed the gates of death, hell, and the grave. And He brought forth, after His resurrection, an eternal super sign, "These signs shall follow them that believe"! Today, it's a "million more," it's a

denomination, it's an organization. But Jesus said, "These signs shall follow them," a super sign. God once says anything, He can never take it back.

Some people says, "That was just for the apostles."

113 What did Jesus say? "Go ye into all the world, and preach the gospel to every creature." How far? All the world! How many? Every creature! "He that believeth and is baptized shall be saved; he that believeth not shall be damned. And [a conjunction], these signs shall follow them that believe." In all the world, and every creation, every creature!

114 I can show you where God put gifts and power in the church. I want somebody to put your finger on a Scripture and show me where He took it out, where He took it back from the church. It's a super sign to the believer, that we've passed from death unto life, because we feel the Holy Ghost, and see it working on our lives and changing us from what we were to what we are now. Amen. He arose from the dead. Thanks be to God!

115 Make the Word super in the last day, He still lives in the seed of Abraham, with a super sign. The sign that He promised Abraham, the super seed in the last days would perceive the same sign, do the same thing. Because, God had to kill Christ, Emmanuel, to raise Him up again, to send the Holy Ghost (an eternal one that could not die) to live in the church to produce that sign. Of all of our psychology, of all of our great teachers, of all of our theologians, there's not one living on the earth today can produce it. It takes the Holy Ghost, and Him alone! So, Emmanuel, the same yesterday, today, and forever, God raised Him from the dead, and He's here with us after nineteen hundred years, alive, the super sign!

116 We've got all kinds of signs, we have signs here and signs there. But God gave a super sign, Emmanuel, the seed of Abraham made flesh and dwelt among us, died, rose again; in order to redeem the church, and to sanctify the church, that He might live in the church and still produce the super signs to others as the ages grew on, as He promised. Not a super organization; but a super sign. Oh,

born of His very life, God's own life living in us, producing the same sign He did at Sodom, down there by the prophet Abraham.

117 God has always give prophets. God gives prophets, and when He sends prophets to the people, it's usually the sign of a following judgment. Did you know that? When prophets are sent on the earth. Now I want to take something with you just for a moment, before we go into the prayer line, the next few minutes.

118 When God sent Noah to an intellectual age, a silly message to them, 'cause it didn't meet with their condition of that day. But God sent Noah as a prophet, prophesying that the end was at hand. And God let him live to see it happen.

119 When God sent, took Israel out of Egypt, He sent Moses, a prophet, to prophesy to a scientific age of Egypt. A prophet, a sign of the oncoming judgment.

Daniel was a sign to Babylon.

And John was a sign to the Jews.

Now there is a super sign, of the Holy Spirit. We know, we absolutely know that Christ still lives and reigns. He is the super One.

120 You talk about a superman? The devil has something to counterfeit the very thing that God has made. Everything that the devil has got, he made it off of something that's original. The devil cannot create. Now you know that. If the devil is a creator, then we got two creators. The devil cannot create. He perverts what has been created. Now look, like a... What is an adultery? An adultery is the right act perverted. What is a lie? It's the truth perverted. What is sin? Unrighteousness. It's righteousness perverted. And anything the devil has got is something perverted of what God originally made. That's the reason that they called Jesus "Beelzebub." That old fortune-telling devil out there, that was a perverted spirit to a prophet, see.

121 And that's the same thing today. They don't understand it. But if they would read the Bible, the Bible said it was a super sign.

122 Look at that bunch of 120 little ignorant fishermen, and so forth, that went in the upper room at the day of Pentecost. They come out with a super sign. There was people standing there of all nations under heaven. And here they was, didn't even know their own language, and speaking in the language of every nation under heaven. Super sign! Oh, my, we could go on and on and on! Super sign, He is the super sign.

123 He is the last sign. And remember, the super sign in Abraham's time was what? When God manifested Himself in flesh, and showed this great manifestation of knowing what Sarah was saying in the tent. The last sign that Israel got before her rejection, and called Jesus "Beelzebub," was when Jesus could perceive the thought that was in their heart. Jesus said that this generation would receive the same thing! That's the last! What is it? That was God with Abraham; that was God in Christ. God with Abraham; God in Christ, Emmanuel. And today it's God in His church, the super sign that God still lives. Do you believe it? Don't you never get away from it. Stay with it. It's the closing hours. It's the closing hours of the world's history.

124 Now it's a little later than I thought, it's a quarter after four, so I've got to stop, and start praying for the sick. Super sign! "I will give them an everlasting sign. I'll give them a sign that they can't destroy." And they can't, for Jesus Christ is the same yesterday, today, and forever. No matter what you try to do to it, you'll never be able to destroy it. The only thing to do with it is believe it.

125 And now through this week, you lovely people, I'd be a miserable hypocrite to stand here before a people that loves God and try to tell them anything wrong; I'd be a deceiver; I shouldn't stand behind the desk; I shouldn't be in the company of these fine ministers; I shouldn't be in your company; I should be out with the rest of the sinners and hypocrites. But because that I believe this, and God has chosen that this should come forth in the last days, and proved it by His Bible, that's why I'm here.

126 I'm not here for popularity. If I would, I'd have radio programs and television, have all this on televised and everything. To have to beg the people for their money, and things like that; I don't want that stuff. I want favor with my God, that's all. I want to

be, where if He sends me to where if there's only five people in a church, and says, "Stay there for six months," I'll stay right there. I have nothing to tie me. That's right. If he sends me overseas to a hundred million people, I'd be right there. Some way He'll take care of it, He always has and He will.

127 But to be honest and sincere, and I tell you, my friends, that Christ is alive today. He is not dead. And He's an everlasting sign, as we've brought it through Abraham now, through the days of Jesus, and right up to here, that it is the last thing to be given to the church.

128 Let me make a prediction. I'm not prophesying. I'm predicting. I predict that in the next few years that all organization religions will be forced to take a stand. And they will have a union of churches, and a great boycott will follow this union of churches. All denominations will be forced into it; all of them. If they don't, there will be a horrible boycott. Nearly every one of them today has (not knowingly) joined that World Council of Churches, selling their birthrights; Protestants, "brothers," with the "mother," Catholic of Rome. They'll do that. You know the Bible said that the tares will be bound, bundled first. They are bundling all in one great group. The Bible said they would make an image unto the beast. I believe it'll come to pass, that shortly, that if people do not join some organization, some church, go in, their doors will be closed.

129 This nation has always typed Israel. Israel, we find out, come into another land, took the occupants, slayed them, run them out, pushed them back and occupied the land just as we did the Indians. Then God gave them that land. God gave us this land. Notice what taken place. They had great men in them days; Joshua, a king; they had David; they had Solomon; great men. But finally it worked around till they got a renegade on the platform, Ahab, a lukewarm believer. It wasn't so much Ahab; but it was that wife behind him, Jezebel, of another race, of another class, not an Israelite, she was a heathen, an idol-worshiper. She was the one who done the dirty work, she told Ahab what to do. And we have worked around in the same way, and we've had a Washington, a Lincoln, after we pushed the Indians back and took their ground. But what have we done? Through politics, we've worked the very thing in that we come over here for freedom from. That's exactly right. A Jezebel, a Herodias,

and a Jacqueline, married twice before, living with the third husband, living in there now. And yet the people go for it, blinded in their eyes. And there it is!

130 You just watch, we're going to reap what we sowed! She's at the end. I prophesied in 1956 when Billy Graham would return, and I said that Tommy Osborn would return, and America would receive her last call.

131 Several years ago, it predicted exactly the Maginot Line, exactly what would take place, exactly Kennedy would take the place of this, and there would be a Catholic President ruling here, and what it would be. And there's just two more things left, from seven things that He told me to happen perfectly. That's right, it's on old yellow paper. We're at the end time.

132 Remember, brother, in the days of that country back there in Israel, when she went wrong, God had someone to stand up, by the name of Elijah. He wasn't much thought of. We don't have no history of his life, we don't know where he come from. The only thing we know, he went to heaven in a chariot. He was kind of a woodsman. He hated immoral women, and he didn't fail to tell that Jezebel what she had done.

133 Then before the coming of the Lord Jesus, there was another one come anointed with his spirit, called John, also a woodsman. And he hated immoral women. He didn't fail to tell Herod it was wrong for him to live with his brother Philip's wife. And Herodias had his head cut off. Right.

134 It's predicted again, Malachi 4, that it'll return again. There will be a super seed rise up. There's got to be something stand up that's got backbone and Christian integrity, certainly, that will take this Jezebel religion that's been pushed even into our Pentecostal groups, somebody will stand with Christian Spirit and fire, with the Holy Ghost behind it, to prove that it's right. It shall be light in the evening time! And He will restore the faith of the children back to the Pentecostal fathers, away from their dogmas and creeds. It's got to come, it will come! In the name of the Lord, it will come!

135 These little, weakly, insignificant, so-called men achievement; let people get by, and play cards, and married four or five times, and be deacons in churches, and things like that, it's a rotten shame in the sight of God, then call it religion of Christ; preachers, men and women, mixed bathing, out on the roads wearing shorts, smoking cigarettes! Why, the backbone of the nation is broke when women act like that. Woman is the backbone of a nation. It ain't the robin that pecks on the apple that hurts it, it's the worm at the core. I ain't scared of Russia's atomic bombs. No, indeed. Why, our own rottenness is what is killing us. It's rotten to the core, with immoral. That's right.

136 And you people, I've got to say this, don't you never let anybody poke something down your back about communism. Communism is nothing. It's just a tool in God's hands. I want any Bible reader, any prophet, to stand and show me where the Bible ever says that communism will rule. It isn't communism that's going to rule.

137 It's Romanism is going to rule, according to the Bible. Let me say this, in closing. There's three great curtains today. One of them is the iron curtain. The other one is the bamboo curtain. And the other one is the purple curtain; you watch that one, that's the one that's going to rule.

138 Oh, can't you see the whole thing facing right into it? The church getting. . . "Unless there come a falling away, the man of sin can't reveal himself." The communists, the lukewarmness of the church, the insignificance walking around. God, have mercy! Said, in that day He'd send a super sign among them, He'd call a people for His name's sake. He'll do it!

139 Thirty-one years ago I dedicated my life, and died, the old William Branham, and give myself, a service, to respect and to take the filth off of the name of Jesus Christ, and put the Word of God back in the church. I'm thirty-one years in the service. God, help me to live to see the day when I can see the hearts of Christians beating as one, amen, and the filth of the women and the men, and the churches and their creeds and things, dropped away, and a true unadulterated church of the living God stands in the beauty of Christ to receive Him when He comes.

Let us bow our heads.

140 Heavenly Father, why do I have to say such? It's off of my shoulders now, Lord. It's into the ears of the people. I pray, God, I don't think the people sits here, but let them take it to somebody else. Oh, have mercy, Father God.

141 We have talked so much of super sign today. We brought Abraham up, to show the faith that he had. Let the power of God now, Lord, rule in the lives of the people. Let the Holy Spirit come gently, sweetly to every believer, cuddle them into His arms, tell them, "Don't fear, little one, it's just down the road." Just a little further, and the great masterpiece will come, the Christ of God, the super sign that raised up from the dead and is alive forevermore, living among us in the form of the Holy Spirit, saying, "That day you'll know that I am in the Father, the Father in Me; I in you, and you in Me." Then God in His people, manifesting Himself. God, may there not be any here this afternoon, dull enough to miss that. May the Spirit quicken the things to them.

142 Here's handkerchiefs laying here for the sick and afflicted. I think, what if this handkerchief was going to my little boy? What if it was going to my wife; or my precious old daddy, was living, it was going to him; my mother? Oh, how I'd want somebody to be sincere. And, God, with all the sincerity I know to have, I ask, to heal every one of them, God. Grant it. We're taught in the Bible that they took off of Paul, handkerchiefs or aprons. Now we realize that Paul doesn't live amongst mortals no more; he's immortal. Paul is gone on. But Jesus remains here, He's the same God. And the people who had faith in Paul, knowing that You were in his body; that it was You, not Paul. He died daily so You could live in him. And now, Father, they realize the same thing, and that's why they bring handkerchiefs and aprons to us. You remain the same God. Give them the same blessings, Father. I ask it in Jesus' name.

143 And now, Lord, I'm going to pray for Your sick children now. I pray that You'll help me. May the Holy Ghost so anoint me this afternoon, not only me, but every minister, every person in here, that there will not be one feeble person among us when the service is over. Grant it, Lord.

144 Now with our heads bowed. Before we call the prayer line, I wonder if there's any here that's kind of sin sick. You've went to the church because it had a great big bell on it, because the mayor of the city belonged there, or some famous doctor of divinity. I have nothing evil to say against that. Jesus didn't condemn those Pharisees; He just said, "You're blind, leading the blind!" He said, "You compass seas to make one proselyte; and when you get him, you make him twofold child more of hell than he was when he started." That's about right. Remember, you have to bypass the truth, to receive an error. Believe the Word! "He that cometh unto Me, I will in no wise cast out."

145 Will you receive Christ this afternoon, just by raising your hand, and saying, "Brother Branham, I will, right here in my seat. I won't come up to the altar; I'll believe Him right here. And from this day on, I promise I'll serve Christ. I'll go to one of these churches and be baptized. I will seek until the Holy Ghost fills my body, fills my soul, gives me eternal life. I'll believe what you've taught has been the truth. Now just pray for me, Brother Branham, to make up my mind, to let this be the hour, right in my seat I'll raise up my hand"? How many will there be? God bless you. God bless you. And God bless you. That's good. Right.

146 I'm not going to call you up here. Just right in your heart, say, "Lord Jesus, I truly believe right now." All right, just keep believing now, "I truly believe, Lord Jesus." Somebody else, in the balcony now. I'm just waiting a moment.

147 This is more, more than praying for the sick, friends. God bless you, I see your hand back there, son. God bless you, sir. No doubt but what a good man like that has done many good things in his life; but that's the greatest thing you ever done, brother.

148 Remember, just as you raised your hand, in sincerity, that quick He took you. "He that heareth My words, and believeth on Him that sent Me, hath [present tense] everlasting life, and shall never come to the judgment." You'll never go through the tribulation, never come into judgment, but you've passed from death unto life. How beautiful!

149 Will you raise your hand, someone else? God bless you, sister. God bless you, sister. God bless you, sister. And God bless you. Both you girls, a little boy, God bless you. God bless this lady here. God bless you, my sister. Mean it now, He'll take you right where you are. Now remember, altar call is wonderful, but in the Bible they never had an altar call; the people believed, "As many as believed was added to the church." You just believe right where you are, that you are passing right now from death unto life.

150 There's another one I'm waiting for so bad. God bless you back there. Good. God bless you. There's someone, I just know, I'm looking right over them. I see it. You say, "You mean that, Brother Branham?" I mean it. Won't you receive Christ speaking to you now, saying, "This is the time. This is the hour"? You've always wanted to. Won't you receive Him now as your Saviour? "Right here I make my decision. I tell my time. Right now I'm raising up my hands, and saying, 'Lord, I now want to pass from death unto life. I want to be a new creature. I want to have something in my life that I know that's brought me above the cares of the world. I want to know that I'm a-living. I can't afford to take the chance. My life might be stamped, snap right now, might go yet today, and then I'll have to meet You.' " But if you're not sure of it, won't you raise your hand while we pray? Grant it, God. Amen. That's fine, good. That's it. Yes, I'm glad, my precious sister, that you understood there.

151 Our heavenly Father, it's all in Your hand now. There's where the light was hanging; and it's out now, it's gone. I've did the best that I know how, Father. And now as the trophies of this meeting, I give You everyone of them, Father, the trophies of the message. And may You. . . . They are love gifts from God, to His Son, Jesus Christ. "And no man can come to Me except My Father draws him; and all that the Father has given Me, will come to me, and I will raise him up at the last day." You promised it, Christ. I claim it for them. I claim Your Word for them. standing here as a minister, a priest between the living and dead, and now I'm doing just what You said, taking what You said in Your Word. You said, St. John 5:24, Lord, where it was written, You said, "He that heareth My words and believeth on Him that sent Me, has everlasting life." You promised it, now, and they raised their hands, that they believed it and they

accepted it. Now they're Yours. I commit them to You. Lead them, Father, all through life's journey. And then, and finally in the end, when the rapture comes, may they go in that rapture. I may never shake their hand here, but, Lord, let us live neighbors to one another on the other side. Grant it, through Jesus Christ's name. Amen.

152 You feel scoured out? Just the Holy Spirit does something for us when we preach. There's one person that I always wanted to be like, that was Jesus. Do you know the song? Brother Davis wrote it.

From Bethlehem's manger came forth a
stranger,
On earth I long to be like Him;
All through life's journey, from earth
to glory,
I only ask to be like Him.

Let's, all together now, try to sing it.

To be like Jesus,
..... to be like Him;
All through life's journey from ...

153 Let's just hum it, like children. [Brother Branham begins humming "To be like Him."] That's my desire. When I was a little boy, I read Edgar Rice Burrough's "Tarzan Of The Apes," I cut mother's fur rug up, to impersonate Tarzan. When I read "The Lone Star Ranger," I rode a hobby horse everywhere I went. But one day I picked up the Bible, since then my desire is to be like Him. God, let me; let His life so flow through me. May I clean myself away, professing to be dead for thirty-one years now, that Jesus might reflect Himself. Only way I know He can do it, is by His Word. Just to be like Jesus! Oh, yes, just to be like Jesus!

On earth I long to be like Him;
All through life's journey.....

154 I'm getting old now. I've got to move off the scene pretty soon. That's still my desire, just to be like Him.

155 Heavenly Father, as this beautiful song is being chorded, "Just To Be Like Jesus." Can I die dead enough? Can I get myself enough out of the way, the unworthiness. There's none of us worthy, Lord, to be like You. But, You said it would be, then it's Your

promise. Cleanse us, Lord. Take out all the doubts. We want to be like Jesus. Our lives, we want His Spirit to live in us. What would He do standing here this afternoon, with the purchase of His blood, after His death, burial, and resurrection? God, grant it once more, will You? Help this poor hungry heart of mine, hungering for brotherly love, sisterly love, with decency and honor, as Christian, as sons and daughters of the Master. What type of person ought we to be? Grant it through Jesus' name, once more, Lord, please.

156 If He was standing here, what would He do? Oh, if we can just yield ourself. He promised, "A little while and the world won't see Me no more, yet you'll see Me." If He'd just do it again when I'm going to pray for you, that you would know it wasn't me. His Word said here, "These signs shall follow them that believe. If they lay hands on the sick, they shall recover." Just let it be once more, if He'll just let His Spirit come in now before we start this.

157 Been preaching rough like this, it's hard, but pray for me. You pray. You pray, "Lord, let me be able to touch Your garment today. Turn, Lord, Your servant, Brother Branham, let him speak to me like he did ... like You did the woman at the well. I know it ain't Brother Branham. He has to get out of the way. But if You'll just take his body and use it, I'll know it's You, after all this five days of hard teaching on it, scripture by scripture, and the promises. I'll believe it." Would you do it? Thank you.

158 By His grace and by His help, the angel of the Lord whose picture you see back there, when I meet you again at the river or just beyond before we go up, remember, He's not standing two feet from where I am right now. And that's exactly the truth. And I take every spirit in here under the control of the Holy Spirit, in the name of Jesus Christ. I ask you to believe what I've taught, to be the truth, if it's God's Word. If it ain't the Word, don't believe it. If it is the Word, it's the Word, God will confirm His Word.

159 Just had a little. . . . People out there, so that the anointing can come, then I'm going to call every person. Billy says there's five hundred prayer cards out in here. I'm going to pray for every one of them, going to do it. I want you to see that it's Him.

160 A little Catholic lady come down here at Santa All these saint names around here, I get them all mixed up. Where was we at

last? Santa Maria. She walked up there, and she had her beads in her hand. She said, "Father"; I said, "Brother." She said, "I know God is with you. If you'll just lay your hands on me, I'll get well." That was all she needed.

161 I think of that little Mexican woman that night down there in Mexico, with that little, dead baby. You heard the story, in the Businessmen's.... Standing there, preaching, trying the second night. Billy come to me, said, "Daddy, I've got better than six hundred ushers standing right there. They can't keep a little woman. Her baby died this morning at nine o'clock, a little Mexican woman." It was in Mexico City. And said.... It just rains all day, and they was standing right there, thousands, leaning, no place to sit down; standing up.

And the brother give the cards out, he was so slow. I called him "mañana," in Mexico it means "tomorrow." He was always so late. He come, got me at nine o'clock. And I got over there.

And Billy said, "That woman has got that dead baby out there, Daddy. And we can't hold her." And said, "Mañana has done give out all the cards." Said, "I can't get her in that prayer line without a card, because some of the rest of them."

I said, "Well," I said, "Brother Moore...." How many knows Brother Jack Moore? Many of you up here. I said, "Brother Moore, go pray for the baby. She wouldn't know me, anyhow." They let me down a wall, on a ladder, to the platform. I said, "She wouldn't know me," there at the big ring.

162 Brother Espinoza, you know him here on the West Coast? Brother Espinoza, any of you know Brother Espinoza, the Mexican? Yeah, Sure. He was standing right there, interpreting for me.

163 And I started. I said, "As I was saying, 'Faith is the substance of things....'" And I looked, and standing right before me was the little Mexican baby. It didn't have teeth. It was laughing. And I looked around, and I seen Brother Moore going to pray for the lady. She would run under those ushers' legs, upset them, climb up over their shoulders; this dead baby wrapped in a blanket. So I seen that, I said, "Wait a minute, Brother Moore. Tell the ushers to break away

and let the lady come up.” I didn’t know it was the baby. I just thought. I put my hand upon the wet blanket.

She run up, first, and she grabbed up one of those beads, and begin to hollering, “Padre!” “Father,” you know.

And I said, “Don’t do that.”

So I just prayed for the baby, I said, “Lord Jesus, I seen a vision of a little baby. I don’t know whether it’s that one.” I said, “I lay my hands upon this wet blanket.” And it begin kicking and screaming. It come to life.

I said, “Brother Espinoza, chase that down. Don’t say it until the doctor signs the statement that the baby died.”

He chased it down. It died that morning at nine o’clock; and it’s eleven o’clock that night, come to life. Then the papers come out and everything.

Then they give me an interview, of the Catholic church, and they asked me if they thought their saints could do the same thing. I said, “If they’re living.”

He said, “Well, they can’t be a saint until they’re dead.”

I said, “No. Find that in the Scripture for me.”

164 So, He still lives. He is still here. Pray now. Just touch the border of His garment. Let me give you a scripture now. He’s a high priest that can be touched by the feeling of our infirmities. The same yesterday, today, and forever. I claim that He’s the high priest right here. He’s the invisible high priest, can only do or intercede for you when you confess that He has done it, see. Now you touch Him. Touch any of us, would make no difference. But touch Him and He’ll work through His Spirit, see. I believe that I have His Spirit. You touch and see if it’s right or not. Touch Him. Just pray.

165 In the balcony, some of you people in the balcony think ‘cause you’re that far back. You’re not out of reach of Him. He’s everywhere, omnipresent. Do you believe that? Omniscient. Do you believe that? Knows everything, ever-present, omnipotent, all-powerful, infinite. Hallelujah! That’s my God.

166 Here's an elderly lady sitting right on the end, she had been praying there for a few minutes. I thought I seen it standing by her. She got trouble with her head. You believe. That's right, raise up your hand. It's left you now. Your faith healed you.

167 Now you want to question her? What was it? She never touched me. Look how far she is from me. But the eye that seen, said, "I seen you when you were under the fig tree," He still lives today. That's a super sign. And He is still here. Just believe.

168 There's a lady sitting back right here. She is weeping. She is praying. She is suffering with a nervous stomach. She'd just believe with all of her heart, God will heal her. Don't miss it, sister. Mrs. Snowden, have faith. I hate to have to call her name. We're strangers to one another, I never seen the woman in my life. Was them your conditions, and so forth, all was said? Wave your hand back and forth if that's right. If we are strangers one to another, and I don't know you, wave your hands again.

169 Now, what is it? Just to be like our Lord Jesus, on earth I just long to be like Him. Don't you want to be like that?

170 Somebody over here. There's a woman keeps. . . . Oh, it's here. Eye trouble. Mrs. Craig, I don't know you, but you're sitting there praying for it. If we're strangers, wave your hand back and forth, this way, so the people will see.

You're near the kingdom now. Just have faith, and believe.

171 Little lady sitting here, so marvelous to her; she shook her head, looking around. Not. . . . She didn't doubt it. She believes it. And because you have believed, look on me and believe me. You're praying for a boy. That's right. A mental case. You believe? Don't you doubt; he'll come home.

172 The lady right behind her, young woman suffering with complications, weak back, nervousness. Mrs. Patchett. Believe with all your heart, Mrs. Patchett. I'm a stranger to you, but that's true. If that's true, wave your hand. It's left you now. There was a dark shadow over you, and it's been gone.

What about the balcony? Somebody believe. You believe that He's the same?

173 I see a woman, she don't even realize she's got that faith. It's a hidden faith. She don't even confess it. She's suffering with a headache. She's sitting here looking at me, right up here. Mrs. Singer. Surprised you, didn't it? Your headaches is going to leave you now. Now you tell your critics to answer that.

Do you believe Him? Let's just sing once more to Him.

To be like Jesus. . . . Jesus.

174 Lord, that's my desire, just to humble ourselves. Look at these people, these women, these men, many of them this afternoon, across this rows, and around, same faith that that little woman had years ago, the same Jesus representing Himself, the super sign in the last days, as it was the last days for Israel then.

. ask to be like Him.

175 He said, "These signs shall follow them that believe. If they lay their hands on the sick, they shall recover." You believe that? How many of you love your pastors? Raise up your hand. Sure, you do. I love them, too. They are men of God. I know they suffer, themselves. I know they're pastors. God knows all about it. See, they're willing to give themselves.

176 Let me show you. That man with his handkerchief up to his face just then, he's been suffering trouble with his nose, comes back and forth, goes on. That's right. He knows all your troubles. There ain't a thing but what He knows.

177 I challenge the unbeliever! If you think it's wrong, come here do the same thing.

178 I know what's wrong with that woman sitting there. I can't call her; 'cause if she'd just have more faith, that hip would get all right. Sure.

179 This woman sitting in that chair there, that cot. I know her trouble, but what good does it do to call her? See, I'd say there. . . . You say, "Sure, look, she's crippled!" How about these people that don't look crippled? There's the miracle.

180 That woman with the arthritis, laying there. Takes faith. Why did you doubt, sister? Why didn't you keep on believing? You once

believed it. You let somebody talk to you. Now you know that's right. I pray that your faith will never fail no more.

181 You try to hide yourself right now, and see if you can do it. I can call three critics in here, by the name, right now, too. But it'd hurt some feelings.

182 Only, we're not playing church. This is God. Not me; Him! His presence is here. Do you believe it? Now while His Spirit is here, anoint me, if you believe it to be God, I want to stand up, these prayer cards, and pray for you. You come through here, don't come to me. If you're coming to me, you're going to lose. You come, when you come by here, like you're coming under the cross.

183 I'm going to ask these godly pastors to stand here with me. I'm going to stand with them at the judgment bar. They may not be able to have discernment; that's just given, you know. But they are men of God, saved as well as I'm saved, called to their ministry. There is five gifts in the ministerial body; first, is apostles, prophets, teachers, pastors, and evangelists. That's God's predestinated. "God hath set in the church, gifts!" Brethren, will you stand with me?

184 Let that section, all that's got prayer cards, stand out in the aisle, stand up. Let this middle section, that's got prayer cards, stand up. Let the first section come across this way.

185 Is there a way to bring them? Or, shall we come down front? [Someone speaks to Brother Branham.] Now, well, I can't. I want them to come. Let's see. Maybe we'd better get down there. Can you set this microphone down there? I like to get down with the people, anyhow. Thank you, brother.

I see your baby. You have your request.

Come on, pastor.

186 Here's a boy laying, dying now, just had a rest a moment ago. Let's pray.

187 Heavenly Father, have compassion on this group. Don't let that boy die. Save his life, Lord. Grant it. We're claiming it right now. Don't let him die in that condition, Lord. May the blessing of Jesus Christ anoint him here. Grant it, Lord. He's struggling hard for his breath. Let the mercies of God sweep over the boy. May he

be saved, healed, and made well for the kingdom of God's sake, Father. We the church of the living God do believe it now, and accept it in Jesus' name.

All right, brethren. Now, I'm going to ask my brethren to stand on each side.

How many of you people is interested in these sick people, raise your hand. Let us pray one for another.

188 Brethren, if you all stand over here by me. That's how I seen it last night, the Holy Spirit said do that. Right over the other side of the microphone. How's that? Now these, and now as you people come... [Blank spot on tape.] In the name of Jesus.

Is there any more real believing pastors that will just come, stand with us? Come. You're invited, and ordained.

In Jesus' name. God, in the name of Jesus!

Some of you ministers wants to come down and stand with us.

In Jesus' name. Amen. Poor old brother, come here my precious one.

Our heavenly Father, I lay my hands on him, may there come faith. In Jesus' name, grant it.

God, through Jesus' name, grant it. In the name of Jesus Christ. In the name of the Lord Jesus. In the name of Jesus Christ. In the name of the Lord Jesus, grant it, Father.

Now go, believing, every one, in Jesus' name. In the name of the Lord Jesus, grant it. Laying my hands on our sister, in the name of Jesus. Grant it, O God, through the name of Jesus Christ.

189 Come, my brother. Believe Him now with all your heart. In the name of Jesus Christ, be healed. In the name of the Lord Jesus Christ. In the name of the Lord Jesus, I lay my hands upon the mother, and the child, also.

190 Come, my brother. In the name of the Lord Jesus. Come, sister [unclear words]. In the name of Jesus Christ. In Jesus Christ's name. In the name of Jesus Christ. In Jesus Christ name. In Jesus Christ's name, I pray. In the name of the Lord Jesus. Come, brother, in Jesus' name. Believe it, sister, now with all that's in you. In the

name of Jesus Christ, grant it. In the name of Jesus Christ. In the name of the Lord Jesus Christ. In the name of the Lord Jesus.

[Brother Branham and the ministers continue praying for all the people in the prayer line. Blank spot on tape.]

Amen. Do you love Him? Do you believe? Let us sing this old song now.

I can, I will, I do believe;
I can, I will, I do believe;
I can, I will, I do believe
That Jesus heals me now.

Now I'll tell you what I want you to do. I want you to put your hand on somebody by you, when we sing that again. Each one of you join in. Let's join hands, one with another like that. All right.

I can, I will, I do believe;
I can, I will, I do believe;
I can, I will, I do believe
That Jesus heals me now.

All that believe Him now, raise up your hands, together.

I can, I will, (It's over. You have it.)
..... believe;
I can, I will, I do believe;
I can, I will, I do believe
That.....

God bless you, Brother. Thank you Brother Carl. God bless you.
